EIGHTY-SECOND LEGISLATURE
FIRST SESSION

FIFTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, April 1, 1971

Pursuant to adjournment, the Legislature met at 9:02 a.m., President Marsh presiding.

PRAYER

Our Father, in the midst of the complicated situations of life in the unsolved problems of our State, deliver thy servants from any sense of futility. Let them feel the support and the prayers of the many citizens of this state who are sincerely interested in the best interests of all, and above all, the uplift of the everlasting arms.

Cause them to understand that God's power has never been obstructed by difficulties, nor His love limited by the confusion of human plans. May the very failures of man's best resources lead us to seek the resources of God.

Cleanse our hearts of selfishness. Grant that all questions immediately before us may be made so plain that we shall have no forebodings as we make our decisions nor vain regrets after they are made. For Jesus' sake. Amen.

RESOLUTIONS

LEGISLATIVE RESOLUTION 36.

Introduced by Terry Carpenter, 48th District.

WHEREAS, there is now pending before this body Legislative Bill 87 which proposes an increase in the cigarette tax; and

WHEREAS, retailers have sharply increased their orders for cigarettes from wholesalers, which if permitted to continue would partially defeat the purpose of the tax increase;

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Tax Commissioner of the State of Nebraska is instructed to inform the wholesale dealers involved in the affixing of cigarette revenue stamps and those agencies responsible for the setting of meters and sale as agents of the state of such stamps to the wholesale dealers, that as of 9:00 A.M. Monday, April 5, 1971, the sale of the amount of tax stamp impressions is limited to and shall not exceed the average weekly sales of

such stamps computed on the average weekly amount of stamps purchased by the respective wholesale dealers in the year 1970.

2. That no wholesale dealer will be allowed to purchase more than one week's supply of the weekly average allotted to him in any given week and may not purchase stamps based on future weekly allotments. In the event that a wholesale dealer has been in business for a period less than the past twelve months, his allotment of stamp purchases will be based on the average of the last four weeks of purchases.

3. That the Tax Commissioner is directed to instruct the agencies responsible for the setting of meters to cease the setting of all meters until the individual wholesaler's average weekly allotment figure is received from him. Wholesale dealers may receive their allotment setting each week, but in the event of missing a setting in any given week may not the following week receive any of the forfeited allotment.

4. That all departments, agencies, and wholesale dealers involved shall be notified by the Tax Commissioner by phone and registered mail as to the contents of this declaration.

5. That the emergency giving rise to this resolution shall exist until such time as LB 87 has become law or has been rejected by this Legislature and ceases to exist.

RESOLUTIONS

LEGISLATIVE RESOLUTION 39.

Introduced by Duke Snyder, 14th District.

WHEREAS, Governor J. J. Exon has proclaimed April, Nebraska Environmental Action Month; and

WHEREAS, air, noise, water, land and sight pollution are destroying our natural resources; and

WHEREAS, one tree fights five environmental problems by absorbing harmful gasses and carbon dioxide; producing clean oxygen to breathe; moderating temperatures; helping to reduce noise levels and creating homes for wildlife; and

WHEREAS, all it takes is a tree, a spade and one person to take action to put fresh air in a neighborhood, and to help replace the thousands of trees that have recently been lost.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. Nebraskans are urged to act promptly by joining the PLANT TREES NOW program to alleviate ecological deterioration.
2. Each capable Nebraskan is hereby appointed Chairman of: The Committee-Of-One-To-Get-Things-Done; to plant trees now; to work in a thorough, statewide clean-up at home, in alleys, vacant lots and streets.
3. April should be highlighted with special honors as Nebraska is the founding state of Arbor Day established by J. Sterling Morton of Nebraska City and further, famous as, "The Tree Planter State."
4. Every Nebraskan is urged to take personal action to understand and work for environmental correction programs and legislation to control large problems.
5. Every Nebraskan is urged to make an effort to applaud positive action and urge progressive programs, while continuing to pick up his own personal clutter.

6. Nebraskans are urged to remember while working now, that we enjoy long lives, economic and healthful abundance because pioneer families used common sense and action to develop our natural resources, and even while their problems were larger than they were in technical resources, they faced them every Spring and conquered.

7. Nebraskans are urged to start again this Spring to take personal action by recognizing Nebraska Environmental Action Month now and during every month of the year.

Laid over.

UNANIMOUS CONSENT—Print in Journal—LB 389

Mr. Syas asked unanimous consent to print the following letter in the Journal. No objections. So ordered.

March 10, 1971

Senator George Syas
Nebraska State Legislature
State Capitol
Lincoln, Nebraska

Dear Senator Syas:

You have inquired concerning the constitutionality of a committee amendment to L. B. 389 of this Legislative Session. The amendment strikes the words "and villages" in line one of the bill and substitutes in lieu thereof "of the metropolitan class." This makes the first sentence of the section read, "Cities of the metropolitan class shall be liable in damages for false arrest, assault and battery, making an illegal entry into property without a warrant, and illegal searches and seizures." You have questioned the constitutionality of having the liability pertain to only one area of the state and have suggested that this seems to be the making of local laws.

Article III, Section 18, of the Constitution of Nebraska provides:

> "The Legislature shall not pass local or special laws in any of the following cases, that is to say:
>
> "* * * * *.
>
> "Incorporating Cities, Towns and Villages, or changing or amending the charter of any Town, City, or Village.
>
> "* * * * *.
>
> "* * *. In all other cases where a general law can be made applicable, no special law shall be enacted."

The Supreme Court of Nebraska has held on several occasions, the latest being Campbell v. City of Lincoln, 182 Neb. 459, 155 N. W. 2d 444:

> "* * *: 'The Classification of the cities of the state into classes and sub-classes, and the conferring upon them of corporate powers by acts of the legislature of a general nature, yet the provisions of which are applicable to but one of such classes or sub-classes, is not repugnant to any provision of the constitution.' "

Generally it may be said that an act of the Legislature is presumed to be valid until it clearly appears to contravene some provision of the Constitution. It has further been held that the power of classification rests with the Legislature; nevertheless, it would appear that the committee amendment to L. B. 389 would be a violation of the constitutional provisions. In United Community Services v. The Omaha National Bank, 162 Neb. 786, 77 N. W. 2d 576, the Court said:

> " 'The rule established by the authorities is that while it is competent for the legislature to classify, the classification, to be valid, must rest on some reason of public policy, some substantial difference of situation or circumstances, that would naturally suggest the justice or expediency of diverse legislation with respect to the objects classified. ***.' ***."

Where there is a real difference of situation and circumstances surrounding a city or village of one class from that of another, the

Legislature may differentiate between these various classes; but this must be aclassificationsbased upon real differences where a general law cannot be made applicable.

The question then is whether this limiting of liability to cities of the metropolitan class rather than to all cities and villages is based upon a real difference of situation and circumstance between the city of the metropolitan class and these other cities and villages. Is this a case where a general law could not be made applicable? We fail to perceive any real difference in this situation between the various cities and villages, and as is stated in Metropolitan Utilities Dist. v. City of Omaha, 171 Neb. 609, 107 N. W. 2d 397:

> "* * *: ' "The power of classification rests with the legislature, and this power cannot be interfered with by the courts, unless it is clearly apparent that the legislature has by an artificial and baseless classification attempted to avoid and violate the provisions of the Constitution prohibiting local and special legislation. " ' "

The limiting of liability to cities of the metropolitan class and not for other cities and villages does not appear to be based upon a special situation where a real difference between these classifications exists, nor why a general law would not be applicable, as required where possible by the constitutional mandate, hence, we are of the opinion that the constitutionality of the bill as it now stands is, at the best, questionable.

Yours very truly,

CLARENCE A. H. MEYER

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SIXTY-THIRD DAY—APRIL 15, 1971

Legislative Chamber, Lincoln, Nebraska
Thursday, April 15, 1971

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

> O God, our Father, believing that Thou hast created us in Thine image, with a vast potential for growth and creativity, grant us now courage to stand for what is right; give us perseverance to contend against the wrongs of society; and afford us the wisdom to discern the difference.
>
> We are painfully aware that most issues, by and large, cannot be discussed in terms of black or white, for they contain strands of gray. Therefore, when we are often called upon to make compromises, may they be not in the nature of giving up our principles but of trying to understand the other person's principles the better.
>
> May we not lose confidence because of the intricate problems of discretion and decision, but know this is one reason why we have been put here on earth—to make decisions, for ourselves and others.
>
> Give us, therefore, the incentive to lean toward the truth, toward the right, and toward the good. We pray in our Lord's name. Amen.

1. Strike sections 1 to 4 and insert the following:

"Section 1. To effectuate the right of the accused to a speedy trial and the interest of the public in prompt disposition of criminal cases, insofar as is practicable:

(1) The trial of criminal cases shall be given preference over civil cases; and

(2) The trial of defendants in custody and

defendants whose pretrial liberty is reasonably believed to present unusual risks shall be given preference over other criminal cases. It shall be the duty of the county attorney to bring to the attention of the trial court any cases falling within subdivision (2) above, and he shall generally advise the court of facts relevant in determining the order of cases to be tried.

Sec. 2. Applications for continuance shall be madein accordance with section 25-1148, Reissue Revised Statutes of Nebraska, 1943, but in criminal cases in the district court the court shall grant a continuance only upon a showing of good cause and only for so long as is necessary, taking into account not only the request or consent of the prosecution or defense, but also the public interest in prompt disposition of the case.

Sec. 3. (1) Every person indicated or informed against for any offense shall be brought to trial within six months, and such time shall be computed as provided in this section.

(2) Such six-months' period shall commence to run from the date the indictment is returned or the information filed. As to indictments or informations or orders for a new trial pending on the effective date of this act, such six-months' period shall commence to run from the effective date of this act.

(3) If such defendant is to be tried again following a mistrial, an order for a new trial, or an appeal or collateral attack, such period shall commence to run from the date of the mistrial, order granting a new trial, or the mandate on remand.

(4) The following periods shall be excluded in computing the time for trial:

(a) The period of delay resulting from other proceedings concerning the defendant, including but not limited to an examination and hearing on competency and the period during which he is incompetent to stand trial; the time from filing until final disposition of pretrial motions of the defendant, including motions to suppress evidence, motions to guash the indictment or information, demurrers and pleas in abatement and motions for a change of venue; and the time consumed in the trial of other charges against the defendant;

(b) The period of delay resulting from a continuance granted at the request or with the consent of the defendant or his counsel. A defendant without counsel shall not be deemed to have consented to a continuance unless he has been advised by the court of his right to a speedy trial and the effect of his consent;

(c) The period of delay resulting from a continuance granted at the request of the prosecuting attorney, if:

(i) The continuance is granted because of the unavailability of evidence material to the state's case, when the prosecuting attorney has exercised due diligence to obtain such evidence and there are reasonable grounds to believe that such evidence will be available at the later date; or

(ii) The continuance is granted to allow the prosecuting attorney additional time to prepare the state's case and additional time is justified because of the exceptional circumstances of the case;

(d) The period of delay resulting from the absence or unavailability of the defendant;

(e) A reasonable period of delay when the defendant is joined for trial with a codefendant as to whom the time for trial has not run and there is good cause for not granting a severance. In all other cases the defendant shall be granted a severance so that he may be tried within the time limits applicable to him; and

(f) Other periods of delay not specifically enumerated herein, but only if the court finds that they be for good cause.

Sec. 4. If a defendant is not brought to trial before the running of the time for trial, as extended by excluded periods, he shall be entitled to his absolute discharge from the offense charged and for any other offense required by law to be joined with that offense.

Sec. 5. Failure of the defendant to move for discharge prior to trial or entry of a plea of guilty or nolo contendere shall constitute a waiver of the right to speedy trial.

Sec. 6. That sections 29-1201, 29-1203 and 29-1204, Reissue Revised Statutes of Nebraska, 1943, are repealed.

Sec. 7. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law.

RESOLUTIONS

LEGISLATIVE RESOLUTION 44.

Introduced by Orval Keyes, 3rd District.

WHEREAS, on October 14, 1969, Sarpy County had a special federal census and this census showed a population of 63,282; and

WHEREAS, on April 1, 1970, the federal census of Sarpy County showed a population of 65,007; and

WHEREAS, this shows a growth of 11 people per day or over 4000 people a year; and,

WHEREAS, Douglas County population increases at a rate corresponding to that of Sarpy County; and

WHEREAS, voting districts in various parts of the United States have had population disparities of twelve per cent and have not been challenged in the courts when all factors have been considered, and in other instances disparities of two per cent have been challenged when no factors other than population were considered; and

SIXTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, April 16, 1971

Pursuant to adjournment, the Legislature met at 9:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

> Eternal God, for the members of this Legislature who are serving the people of this state, sometimes accepting personal abuse, misunderstandings, and often sacrificing home and family, we are grateful. May they feel that their service has been worthwhile. And may they be given a time of spiritual, mental, and physical re-creation, so again they may face problems too intricate to solve, yet which require a vote nevertheless.
>
> Give to each one of these senators a righteous purpose from which no alluring incentives may cause them to deviate. Give them a toughness of will that no tribulation can destroy. Give them a coolness of mind, which can think objectively, and a warmth of heart which has compassionate logic as well as deep understanding that as we come to the end of this session we may merit thy benediction, "Well done, good and faithful servant." Amen.

April 8, 1971

Senator Terry Carpenter
Nebraska State Legislature
State Capitol
Lincoln, Nebraska

Dear Senator Carpenter:

In your letter of April 2, 1971, you have asked several questions concerning the validity and effect of L. B. 152 and several proposed amendments which you attached to your letter. L. B. 152, as originally introduced, would amend Section 72-1246, R. S. Supp., 1969, to add to the investments authorized for the State Investment Officer to make, "long-term, low-interest loans to Nebraska residents seeking adult or post high school education at any public or private institution in this state." Section 2 of the bill would require the Nebraska Investment Council to make such loans, and Section 3 would require the Council to give priority to such loans, and to liquidate other investments if necessary to meet the demand for such loans. The proposed amendments you have submitted would strike Section 2 of the original bill. The new Section 2, as submitted to us, provides that the Council "may" purchase such loans, and shall give preference to such loans when an investment in such loans would be equally as good as any other investment. Sections 3 and 4 make provisions for the administrative handling of such loans. Section 5 of the amendments provides that if the Nebraska Investment Council shall deem it to be in the best interest of the State of Nebraska, it may purchase up to one hundred per cent participation in such student loans from any qualified lending agency described in Section 2 of the act. These are the pertinent provisions of the bill and the proposed amendments which we feel are relevant to a discussion of the questions you raise.

Before engaging in a detailed discussion of your questions, we should set out our general approach to this problem. First, we point out that the 1968 amendment of Article XIII, Section 3, of the Nebraska Constitution authorized the state to guarantee or make long-term, low-interest loans to Nebraska residents seeking adult or post high school education at any public or private institution in this state. There is therefore no question of such loans being in violation of the prohibition against lending the credit of the state in aid of any individual, as there would have been prior to the amendment of that section of the Constitution.

Second, we point out that a large number of funds are subject to the investment powers of the State Investment Officer, many of which are accumulated from sources other than tax dollars, and that the state holds these funds as trustee for the particular purpose for which they were created. In state ex rel. Ebke v. Board of Educational Lands and Funds, 154 Neb. 244, 47 N. W. 2d 520, the Court said:

> "* * *. A trustee is required to dispose of trust property upon the most advantageous terms which it is possible for him to secure for the benefit of the cestui que trust whom he represents. The rule is no different in the leasing of property of a trust estate. A trustee is required to accept the highest bid in the absence of

> cogent reasons for not so doing. It is a breach of trust for a trustee to knowingly handle the property of a trust estate for the benefit of any person at the expense of the trust estate. Rettinger v. Pierpont, 145 Neb. 161, 15 N. W. 2d 393; Clark v. Provident Trust Co., 329 Pa. 421, 198 A. 36; Kane v. Girard Trust Co., 351 Pa. 191, 40 A. 2d 466. It is a fundamental principle that a trustee owes beneficiaries of a trust his undivided loyalty and good faith, and all his acts as such trustee must be in the interest of the cestui que trust and no one else. * * *."

With these principles in mind, let us look at L.B. 152 and the proposed amendments. Your first question is whether the Nebraska Investment Council has the authority to engage in the activities set forth in Section 2, 3, 4, 5 and 6 of the proposed amendments. In general, we see no objections to the authorization for the Council to make such loans, so long as the making of such loans is made discretionary with the Council. However, we point out that Section 5 of the proposed amendments provides that the Council may purchase such loans if it "shall deem it to be in the best interest of the State of Nebraska," to do so. We believe this is an improper test for the exercise of discretion by the Council. Its first duty with respect to the investment of the trust funds in its possession is the best interests of the trusts, or the beneficiaries of the trusts, and not the best interest of the State of Nebraska. For it to make its decision on the basis of the best interests of the State of Nebraska is to authorize the Council to deviate from its duty of undivided loyalty to the beneficiaries of the trusts. We believe this to be improper.

Your second question is whether the Council can be given authority to purchase such loans from permanent school funds, retirement funds, and other funds at its disposal. The Council is required to invest such funds, and we see no objection to authorizing it to invest in such loans, in its discretion.

The answer to your second question, we believe, answers your third question, which was whether it would be necessary to appropriate specific funds for such loans, in the event that the funds itemized in your second question could not be utilized. Since we feel that they could be utilized, it would not be necessary to appropriate specific funds for such purpose, although to do so would not be objectionable. Your fourth question is whether Section 2 of the proposed amendment can require the Nebraska Investment Council to make such loans, or whether it must be made discretionary with the Council. In our opinion, the use of the word "shall" instead of "may" would raise serious question as to the validity of this section. As previously stated, the first obligation of a trustee is to the beneficiaries of the trust. If the loans in question are advantageous to the trust, it would be perfectly proper for the Council to make such loans. If, on the other hand, other types of investment would be more advantageous to the beneficiaries of the trust, either because of greater return or greater safety, it would be a violation of the Council's duty as trustee to make such loans. If the statute requires that the Council shall make such loans, it may be requiring the Council to violate its duty as trustee, and hence would be invalid.

Your fifth question concerns Section 2 of the proposed amendment, a portion of which provides that the Council shall give preference to such loans "when an investment in such loans would be equally as good as any other investment." We do not believe this provision to be objectionable. Assuming the premise of this provision, that such loans are as good as any other authorized investment, we cannot say that it would be a violation of the Council's duty as trustee to require it to give preference to such loans over other investments which were no better than the loans in question. We do not see how the beneficiaries of the trust could be prejudiced by such a provision.

Your last question deals with the propriety of renumbered Section 9 of the proposed amendment, which is Section 3 of the original bill. This section provides:

> "The Nebraska Investment Council shall give priority to the loans required by section 2 of this act and shall liquidate other investments if necessary to meet the demand for such loans. All interest received on such loans shall be credited to the fund from which the loan was made."

This section, in the context of the original bill, is, we believe, objectionable, because it would require the Council to give priority to these loans and liquidate other investments to meet the demand, regardless of whether this was to the advantage or disadvantage of the beneficiaries of the trusts involved. However, if this section is read in conjunction with Section 2 of the amendment, it would appear that under the act, as it is proposed to be amended, the priority to these loans would be given only if they were equally as good as any other investment. If this factual situation is true, then we do not believe it would be a violation of the Council's duty to the beneficiaries of the trusts to require it to give priority to the loans, and, if necessary, to liquidate other investments to meet the demand for such loans.

Very truly yours,

Clarence A. H. Meyer

It is a special honor and privilege for me to have been asked to express on behalf of my diplomatic collegues our sincere appreciation for the gracious hospitality that you, Sir, and the people of Nebraska have extended to us.

It is the privilege and the challenge of those, with responsibilities in public life, to be particularly involved with the changes which are the milestone of our times. Many references have been made to turbulent events as a special characteristic of the days in which we are living.

I believe that the history of mankind has repeatedly proved that evolution of human societies or political bodies is very dynamic indeed. I wonder if we, in our preoccupation with the problems of our era, are not over-emphasizing this dynamism which may have ebbed and flowed but has always loomed large throughout history. Concern has continually been expressed by distinguished men of our nations over the problems that confront them.

This nation is no exception, and concern and even anxiety over the rapid changes in values that we see on all sides seems to be shared by citizens and leaders - alike.

We foreign observers are perhaps in a special position, and I, as one of them, feel very confident about the future of this nation which I love so much. The United States of America is a pluralistic society, it is a vibrant, dynamic and strong political body.

I believe that perhaps one of the important sources of your strength lies in the diversity of the components of the American society. I do not know many other instances in history where men of different races, creeds and beliefs have merged together in this joint venture which in less than 200 years changed 13 small colonies into a great power.

I am conscious that diversity sometimes brings confrontation, but let us not forget that the superior forms of biological life come from complex associations of very different cells and not from static monolitic structures.

We are proud of the special relationship between Latin America and the United States and Canada. We are proud of our common tradition of independence and, our common faith in the future of young nations.

We are proud of our own identity as sovereign Nations but we are conscious of the solidarity of our hemisphere. The United States of America has given repeated proof of their solidarity, as no nation in the Hemisphere and indeed in the world that suffered from a natural disaster has ever failed to receive the generous support of the Government and the people of this country, regardless of political attitudes or differences in approaches to specific problems.

This and many other factors are strong ties to bind us together in the future, as they have bound us together in the past.

A mature relationship of Nations based upon mutual respect and understanding can only mean a positive contribution to the progress of all mankind.

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SIXTY-SIXTH DAY

Legislative Chamber, Lincoln, Nebraska
Tuesday, April 20, 1971

Pursuant to adjournment, the Legislature met at 9:02 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

> Our Father, we know that we, by ourselves, are not sufficient for these days and for problems greater than the measure of our best wisdom. May we here be aware of the unseen delegate. May Thy spirit move among us, that there may be concession without coercion, and conciliation without compromise. May these senators, who represent us, represent Thee and, in Thy spirit be courageous enough to begin anew, fearless enough to admit mistakes, and loving enough to forgive others. May we have the courage to apply what we applaud, to the end that we may help to establish Thy way of life for the people of this state. So may we all do the best we can, by Thy help, and be willing to leave the issue in Thy hands, through Jesus Christ our Lord. Amen.

ROLL CALL

RESOLUTIONS

LEGISLATIVE RESOLUTION 45.

Introduced by Terry Carpenter, 48th District; J. W. Burbach, 19th District.

Be it resolved that since federal statute concerning daylight saving time affords the States no choice except to repeal State Daylight Saving Time Statutes or follow the calendar dates set for commencement and closing of the annual daylight saving time schedule under federal laws, and,

Whereas the calendar schedule set by federal statute works a hardship on the agricultural segment of our population and adds to the hazards attending the transportation of children long distances for school purposes,

Now be it resolved that this 82nd Legislature of the State of Nebraska, First Session, supports measures now pending action in the Congress and endorsed by Nebraska's Congressional Delegation which would amend federal statute and provide for the annual calendar schedule of daylight saving time to begin on Memorial Day and end on Labor Day.

Laid over.

LEGISLATIVE RESOLUTION 46.

Introduced by J. W. Burbach, 19th District; William Swanson, 27th District.

WHEREAS, the State of Nebraska imposes a tax on aircraft fuels that most states surrouding Nebraska do not; and

WHEREAS, sixteen states impose a special excise tax on aircraft fuels and thirty-four states do not; and

WHEREAS, local airports in the state depend to some degree on revenues from the tax on aviation fuels; and

WHEREAS, the Department of Aeronautics authorizes the disbursement of a substantial portion of the aircraft fuel tax collected to local airports; and

WHEREAS, a different formula was submitted in the form of Legislative Bill 624 Eighty-second Legislature, First Session, 1971; and

WHEREAS, the Revenue Committee is of the opinion that a fair and equitable system of taxation of aviation fuels be developed to be shared with the airports in the state.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislature appoint a committee to examine the general situation involving the taxation of aviation fuels and the distribution of the tax monies so collected to the local airports and report their findings to the next Legislature.

MESSAGE FROM THE GOVERNOR

April 21, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska

Dear Senators:

I am writing to you today with regard to Legislative Bill 87 which has been presented to me for my signature. I wish to share with you my thinking in regard to LB 87 and the action which I am presently contemplating. My inclination is to veto LB 87.

I am hopeful that perhaps by directing these matters to your attention today, you may, still pursuant to your legislative rules, reconsider LB 87 and perhaps make such necessary amendments as to eventually accomplish a portion of your stated goals while allowing me, in good conscience, to sign the amended measure. We all want to be fair on tax matters. This measure deserves further consideration.

Let me caution against hasty discussions on capital construction commitments. While I do not rule out the eventual need for either a field house or a state office building, I recommend our joint reflection and consideration for nine months until next January on the specific projects.

It would be my belief that an activities building at the Beatrice State Home would be the prior consideration for construction of the three projects mentioned in LB 87.

By ear-marking tax funds for specific construction projects, we tend to fragment and fractionalize our tax base. May I respectfully urge a more thoughtful and reasonable approach.

It would seem consistent if we were to allocate 2 1/2% of the suggested cigarette tax increase to a permanent sinking fund for capital construction to be allocated by the Legislature as it reviews priorities. The remaining 2 1/2% might go to the general fund.

I hope you will see fit to consider these suggestions.

Sincerely,

(Signed) J. James Exon
Governor

RECESS

At 11:02 a.m., on a motion by Speaker Hasebroock, the Legislature recessed until 2:00 p.m.

PROGRAM

A ceremony honoring Dr. John G. Neihardt on the occasion of his fiftieth year as Nebraska's Poet Laureate was presented. Dr. Robert E. Knoll gave the following address:

In its century of existence, Nebraska's support for the life of the spirit has been uneven; but on April 18, 1921-fifty years ago this week- the Senate and House of Representatives of the Nebraska Legislature passed a joint and concurrent resolution naming John G. Neihardt Poet Laureate of Nebraska. Dr. Neihardt-in 1917 he had received an honorary doctor of letters from the University in the company of Willa Cather, Theodore Roosevelt, and General John J. Pershing-Dr. Neihardt was the first poet laureate to be appointed by any state; and he remains to this day the only poet laureate so designated by legislative action. A copy of the 1921 resolution is in your hands, printed in your program. On June 18th, 1921, two months after the legislative resolution, official notification ceremonies were conducted in the Temple theatre. A picture of some of the dignitaries in attendance that day is before you. Dean L. A. Sherman, famous Shakespearean scholar, professor English, and acting chancellor, made the introductory remarks that day, and they deserve repeating now:

"We have unique grounds for congratulating ourselves upon the occasion which calls us together on this eighteenth of June, 1921. It is an auspicious date and day for the Commonwealth of Nebraska. No other state, it appears, has by legislative recognition, a poet laureate. No other state, we may fairly say, has such a reason. Nature has not shaped for us, in this paradise of prairie country, mountains that might become by myth or fancy, the home of gods or muses. There is, there can be, no Olympus, no Parnassus here. But we have that which has given fame to all the sacred groves and mountains and fountains of spiritual history. We have the poet himself in presence with us now.

"The ceremonial that we are assembled to witness is by no means a novel one. In the days when Parnassus was, in the youth time of the arts, sons of Apollo were crowned publicly with his laurel. And so at the end of the middle age was Petrarch crowned at the Capitol in Rome. Were our own great new Capitol finished, it would have been fitting that the first Poet Laureate of Nebraska be honored at or within its portals...."

Happily that Capitol is complete–we are in it–and fortunately Dr. Neihardt is also here, "craggy, quick-eyed (ninety) and alive as spring." We have met to commemorate the action of fifty years ago.

Our fathers' high aspirations are marked by splendid dreams as in this building, by generosity of spirit characteristic of William Jennings Bryan, and by wisdom like that of Senator George Norris. Dr. Neihardt belongs in this company. For three generations he has held up to us a vision of what we might become–if we lift our eyes above the necessary machinery of daily business. Through the dignity of his life and the scope of his books, he reminds us that we live for more than a moment. He would not have us overwhelmed in the sweep of time.

Dr. Neihardt has been called the Poet of Courage. He celebrates that virtue in his great poem, A Cycle of the West. Years ago I asked him one day, "Which of all the virtues is chief, Dr. Neihardt?" and without a moment's hesitation, he replied, "Courage, young man, courage"--this was some time back, before my hair was gray--"Courage, for without that no other virtue can come to anything." We would do well to heed him.

What Dr. Neihardt said about Willa Cather, in dedicating the Willa Cather Museum in Red Cloud in 1962, can be equally well said of himself:

"...it is for us, the living, and for the living who shall follow us, generation after generation, that we set this...Memorial against the flowing years, lest we forget the precious heritage that is ours through /him/." Dr. Neihardt speaks to us, and, we trust, for us. We must not desert his heroic vision of the courageous West. He calls us to valor: courage and the far horizon, aspiration and a noble place in time.

Last week Dr. Neihardt found himself drawn, as though by ESP, to a single volume among many volumes on his shelves. Within a school edition of The Song of Hugh Glass he found a long mislaid letter from Mari Sandoz. Miss Sandoz had been unable to be in the State House when Dr. Neihardt's bust was placed in the rotunda outside that door behind you, and now she has joined Old Jules and lies under the prairie sod. What she wrote in 1961 can be repeated; indeed it is as though she had prepared for this occasion when she wrote on that other occasion: "The State of Nebraska and all its citizens are honored this day by your gracious presence among us--those who must be far away as well as those gathered before you."

AFTER RECESS

The Legislature reconvened at 2:05 p.m., President Marsh presiding.

Standing Committee amendment to LB 256:

1. Strike sections 1 and 2 and insert:

"Section 1. That section 77-2715.01, Revised Statutes Supplement, 1969, be amended to read as follows:

77-2715.01. (1) On or before November 15 of each year, the State Board of Equalization and Assessment shall set the rate of the income tax imposed by section 77-2715 for the taxable year beginning in the subsequent calendar year, and the rate of the sales tax imposed by subsection (1) of section 77-2703 which will be effective from January 1 through December 31 of succeeding year.

(a) In fixing the rates, the State Board of Equalization and Assessment shall first determine the status of all fixed ~~appropriations~~ obligations for the biennium which must be financed from the receipts from the sales and use taxes, the individual and corporation income and franchise taxes and other miscellaneous receipts to the General Fund, from a certified statement of all appropriations made by the most recent regular session of the Legislature, which statement the Director of Administrative Services shall prepare and furnish prior to the convening of such board.

(b) If the Legislature should meet in a special session during any year, the board shall add to the appropriations as certified pursuant to subdivision (a) of this subsection, the appropriation for the legislative session, all miscellaneous claims, deficiency bills, and all emergency appropriations.

(c) The board shall then determine the balance of the General Fund at the beginning of the period under consideration and the estimated receipts to the General Fund from all sources other than the sales, use, income, and franchise taxes for this period.

(d) The board shall then set the rates of the sales tax and income tax so that the estimated funds available pursuant to subdivision (c) of this subsection plus estimated receipts from the sales, use, income, and franchise taxes will be not less than five per cent in excess of the appropriations as determined pursuant to subdivisions (a) and (b) of this subsection.

(e) The rates of the sales and income taxes shall be fixed so that the total sales and use taxes levied will as nearly as possible equal the total income and franchise taxes levied for the calendar year for which the rates so fixed will be effective.

(f) For purposes of this subsection, total sales and use taxes levied shall mean the total state sales and use tax liability of all taxpayers for the relevant period minus total food sales tax credits attributable to the same period. Total income and franchise taxes levied shall mean the total state income and franchise tax liability of all taxpayers for the relevant period, before deduction of food sales tax credits.

(g) The sales tax rate so fixed by the board shall be an increment of one half of one per cent, and the income tax rate so fixed shall be an increment of one per cent.

(2) The board shall meet within thirty days

after each special session of the Legislature, and also within thirty days after receiving a report from the Tax Commissioner that there have been significant changes in the provisions of the Internal Revenue Code of 1954 and amendments thereto, other provisions of the laws of the United States relating to federal income taxes, or the rules and regulations issued under such laws, and shall determine whether the rates for sales tax and income tax must be changed. In making such determination the board shall recalculate the requirements pursuant to the formula set forth in subsection (1) of this section, taking into consideration the appropriations for such special session, all miscellaneous claims, deficiency bills, and all emergency appropriations.

In the event the board determines the rates must be changed as a result of such special session or as a result of a change in the provisions of the Internal Revenue Code of 1954 and amendments thereto, other provisions of the laws of the United States relating to federal income taxes, and the rules and regulations issued under such laws, such sales tax rate shall be made effective at the beginning of any calendar month within the current calendar year and such income tax rate shall be effective for the current taxable year.

Sec. 2. That original section 77-2715.01, Revised Statutes Supplement, 1969, is repealed.".

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SIXTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, April 23, 1971

Pursuant to adjournment, the Legislature met at 9:02 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

> O Lord of our lives, wilt Thou teach us true discrimination, that we may be able to discern the difference between faith and fatalism, between activity and accomplishment, between humility and an inferiority complex, between a passing salute to God, and a real prayer that seeks to find out God's will. We can stand criticism. We can stand a certain amount of pressure. But we cannot stand the necessity of making grave decisions with nothing but our own poor human wisdom. Our heads are not enough and our hearts fail us. Cabbages have heads, but they have no souls. We, who are created in the image of God, are restless and unhappy until we know that we are doing Thy will by Thy help. This is what we pray for, through Jesus Christ our Lord. Amen.

In determining the minimum retail price, the board shall take into consideration the various types and natures of the businesses wherein dairy products shall be sold or may be sold at retail in any natural marketing area and may establish a different minimum retail price for each such type of business. Such prices shall be so determined as to best protect the dairy industry in the state, insure a sufficient quantity of pure and wholesome dairy products, and be most in the public interest. The board shall take into consideration the balance between production and consumption of dairy products, the cost of production and distribution, a reasonable return on the necessary investment, the purchasing power of the consumers, and prices in adjacent natural marketing areas and states, so that minimum prices which are fair and equitable to the dairy industry, retailers, and the consumer will result.~~ The board may, ~~also,~~ if evidence warrants it, establish discount rates on a cost-justified basis resulting from volume sales, credit practices, the utilization of central billing, and other relevant factors. ~~The minimum prices determined by the board shall not apply to sales to the class of customers comprised of nonprofit charitable, educational, and religious organizations, licensed hospitals, or governmental agencies, but sales shall not be made at a price below minimum basic cost as determined under the~~

~~provisions of subsection (1) of this section~~.

(3) The board shall from time to time review and change its determinations made under the provisions of subsections (1) and (2) of this section.

(4) The determinations or redeterminations required by the provisions of subsections (1) to (3) of this section shall be made only after a public hearing notice of which has been given to all interested parties by publication once in one or more newspapers of general circulation throughout the state or natural marketing area concerned not less than ten nor more than thirty days prior to the hearing. Any determination or redetermination shall be based solely on the evidence adduced at such hearing.

(5) In determining or redetermining minimum ~~prices~~ basic cost, the board shall order the date when such prices shall become effective, which date shall be not less than thirty nor more than forty-five days after the date of the order.

Sec. 5. That original sections 81-263.39, 81-263.41, 81-263.42, and 81-263.86, Revised Statutes Supplement, 1969, are repealed.

Sec. 6. Since an emergency exists, this act shall be in full force and take effect, from and after its passage and approval, according to law."

MESSAGE FROM THE GOVERNOR

April 26, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
State House
Legislative Chambers
Lincoln, Nebraska

Dear Senators:

I am returning herewith LB 87 without my signature and with my objections. Despite strong sentiment in the Legislature to the contrary, I cannot agree to the fragmentation and fractionalization of the tax base as proposed. To earmark the expenditure of 30 millions of dollars which is to be extracted from a limited number of citizens is unacceptable by any standards. In my opinion, LB 87 is, for the most part, a hastily conceived measure; an unsound and unfair adventure in taxation and appropriation techniques.

I respectfully submit that should this proposal become law you would be setting a precedent that at first blush appears attractive, but one which eliminates reasonable approaches to fiscal management.

The Governor, most of the members of this Legislature, and certainly the overwhelming majority of the people of this state desire to hold the line on the primary source of state revenues.

We seriously jeopardize the prospects of holding the line on the sales and income taxes if we dilute, as proposed in LB 87, possible supplemental revenues of 30 millions of dollars as provided for special earmarking in this measure. Most of this revenue should be available to meet this state's future basic requirements. Have you, as Senators, considered what this amount of money could do in the next five years to reduce property tax loads by additional state aid to education with properly spelled out safeguards to reduce local taxes? I think not!

To me it is shocking that we seem to have some difficulty in this Legislature of passing a measure to eliminate the sales tax on food for the good of all the people while you exercise an unprecedented dash towards passage of LB 87 which would result in a multi-million tax dollar expenditure of unproven and non-priority needs.

I have advised you by letter last Wednesday, April 21, 1971, of a suggested compromise measure which adds reason and some sense of equality to the proposal. That was to place any such cigarette tax increases in the general fund or a sinking fund for capital construction. I remain open-minded with regard to some acceptable solution.

I call to your attention that you are committing construction of a field house, costing millions of dollars, without knowing even how many millions are required. The field house dollar needs should be reviewed and some plan developed, rather than the issuance of a blank check authorization.

Let us review, for the record, the situation with regard to field houses, and their financing, at the other Big Eight Conference institutions.

The following universities are using field houses that are not new:

Colorado
Kansas State
Oklahoma
Oklahoma State

The University of Kansas has recently completed a major addition to their facility all financed out of University athletic funds.

Similarly, Iowa State has just completed a new field house also financed by athletic funds and gifts.

Missouri, who is in the process of completing a new field house, used a combination of 12 million dollars in tax supported funds plus athletic funds. However, Missouri has been fair enough with their citizens not to tax only a minority for such an expensive undertaking.

It would seem reasonable to explore how much in funds might be expected and generated from the athletic programs of the University for such an endeavor. We should recognize that major additions were accomplished to Memorial Stadium without tax dollars through revenue bonds that are about to be completely retired. Could not such continuing revenue be employed for at least a portion of the costs of a new field house?

This administration is consolidating some of the scattered state offices presently renting space outside the Capitol Building. We will continue this effort in our search for realistic economics. The proposed state office building you have approved is not an economy measure.

We do not abandon the proposition that a new state office building may be advisable at some future date on the proposed site. We do reject the idea that is must be done now! We also reject the present state office building proposal for a structure estimated to cost approximately $35.00 per square foot when the most recent luxurious downtown office building in Lincoln was constructed for approximately $25.00 per square foot.

I do not take issue, but applaud your recommended expediture of $695,000 for a recreational building at the Beatrice State Home. However, the natural emotionalism of support for this facility should not be issued to assist in the "selling" of this 30 million dollar package.

With the demand by Nebraska citizens that we proceed with prudence and caution; with the recent actual figures indicating earlier income projections were overly optimistic; and with an obvious need to consider in the future an attempt at some type of property tax relief, I urge caution.

I ask your thoughtful reconsideration of this recently conceived proposal and obligation of committing such dollars to projects that obviously are not critical and should be funded only in a rational and orderly manner.

To, on the one hand be compelled because of fiscal responsibility to hold state government to a carefully developed budget, and on the other to commit construction as specified in LB 87 while other priority needs are asked to wait, is a position as Governor I cannot take. On behalf of the citizens you represent, I urge you to unemotionally reconsider the magnitude of your acts.

Sincerely yours,

(Signed) J. James Exon
Governor

PRAYER

Prayer was offered by Rev. Ronald L. Bump.

> O God, with the fever of life all around us we struggle to give meaningful form to our living . . . We rejoice with a solemn joy when we've been able to weave the tough fiber of love into the fabric of our society; we agonize, O God, over those moments when the needed answer seemed lost in our own inability to understand or to communicate . . . Thank you for the moments when we've been helpful; forgive us for those times when we've been in the way . . . And walk among us now, we pray, that what we do in word and deed may anticipate that day when Thy will shall be done in all places by all people . . . Amen.

Therefore, help us, we pray, to pledge again eternal hostility against all that would tyrannize or belittle the human spirit and rekindle within us, we humbly ask, unfaltering vigilance for that Truth which can only come from Thee . . . We pray in response to Thy generous Love. Amen.

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SEVENTY-FIFTH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, May 3, 1971

Pursuant to adjournment the Legislature met at 9:04 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

> Eternal Father, grant to the members and officers of this Legislature a meaningful moment of prayer before they take up the duties of this day. Turn their thoughts to Thee, and open their hearts to Thy spirit, that they may have wisdom in their decisions, understanding in their thinking, love in their attitudes, and mercy in their judgments. Let them not think, when this prayer is said, that their dependence upon Thee is over, and forget Thy counsels for the rest of the day. Rather, from these moments of hard searching may there come such a sweetness of disposition that all may know that Thou art in this place. From this holy interlude may there flow light and joy and power that will remain with them until night shall bring Thy whispered benediction, "well done, good and faithful servant." So help us all this day. Through Christ our Lord. Amen.

Such approval shall relate to conformity with construction specifications and standards theretofore established by such municipality; PROVIDED, where no such standards have been established such approval shall not be required. COMMUNICATION

May 4, 1971

Mr. Vincent D. Brown
Clerk of the Legislature
State House
Lincoln, Nebraska

Dear Mr. Brown:

You have called our attention to a motion adopted this morning which provides that, "The Attorney General be instructed that when an opinion is made as a request from a member of the Legislature that a copy be sent to the Clerk and printed in the Journal."

We are glad to receive guidance from the Legislature in carrying out our work with them, but we need some clarification of the motion. During 1969 and 1970 we prepared over 500 written communications to members of the Legislature. With annual sessions, this number will undoubtedly increase. Almost all of these communications involve legal advice in connection with legislative matters, because we will not advise members on questions which are not legislative in character. Some were written in connection with legislation being developed by your committees, and revelation of their contents by filing copies with the Clerk would in some cases upset community relations for Senators seeking solutions to problems. Others would involve cases pending in court but dealing with problems which require legislative attention. These are only a few of the problems which suggest themselves if we were to literally follow the motion.

Section 84-205 of the statutes provides in part that the Attorney General is, "To give when required, without fee, his opinion in writing upon all questions of the law submitted to him by the Governor, the head of any executive department * * * or the Legislature." There is no requirement that we answer the questions of individual Senators, but we have done so because we wanted to be of help to you. We regret that our efforts in this regard have caused a problem.

We would like to have you refer this matter to a group of your members with whom we could work to find a solution satisfactory to all concerned.

Very truly yours,

(Signed) Clarence A. H. Meyer
Attorney General

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SEVENTY-SEVENTH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, May 5, 1971

Pursuant to adjournment the Legislature met at 9:02 a.m., Speaker Hasebroock presiding.

PRAYER

Prayer was offered by the Chaplain.

> Eternal God, as our inward thoughts in this moment reveal our souls, so also shall the words we speak on this floor, and the decisions we make as leaders of the people. May these Senators, therefore, have about them a sense of history and a knowledge of the past. May they remember how others have acted in similar times of crisis and decision, but free us from a mere worship of old decisions so that we may not be coasting in a day like this, but rather marking new trails of needed action today.
>
> In thinking of Thee, no thought is lost; may we think on. In talking with Thee, no words are lost; may we talk on. In working for Thee, no energy is lost; may we work on, by the power of Thy Spirit. Amen.

ROLL CALL

The roll was called and all members were present except Mr. Schmit who was excused and Mr. Chambers who was absent until 11:20 a.m.

2. Upon termination or continuance, another franchise in the same line-make will become effective in the same community, without diminution of the franchisees' service formerly provided, or that the community cannot be reasonably expected to support such a dealership; provided however, a franchisor may terminate a franchise for a particular line-make if the franchisor discontinues that line-make and a franchisor may terminate a franchise if the franchisee's license as a motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealer is revoked pursuant to the provisions of this Act."

"Sec. 23. No franchisor shall enter into any franchise for the purpose of establishing an additional motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealership in any community in which the same line-make is then represented, unless the franchisor has first established in a hearing held under the provisions of this act that there is good cause for such additional motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealership under such franchise, and that it is in the public interest."

"Sec. 24. Every franchisor and franchisee shall fulfill the terms of any express or implied warranty concerning the sale of a motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealer to the public of the line-make which is the subject of a contract or franchise agreement between the parties. "Sec. 26. Upon receiving an application, the board shall enter an order fixing a time, which shall be within ninety days of the date of such order, and place of hearing, and shall send by certified or registered mail, with return receipt requested. a copy of the order to the franchisee whose franchise the franchisor seeks to terminate or not continue. Copies of orders shall be addressed to the franchisee at the place where the business is conducted. Any person who can show an interest in the application may become a party to the hearing, whether or not he receives notice; provided however, a party not receiving notice shall be limited to participation at the hearing on the question of the public interest in the termination or continuation of the franchise or in the establishment of an additional motor vehicle dealership."

"Sec. 27. If the board finds it desirable it may upon request continue the date of hearing for a period of ninety days, and may upon application, but not ex parte, continue the date of hearing for an additional period of ninety days."

"Sec. 28. Upon hearing, the franchisor shall have the burden of proof to establish that under the provisions of this Act he should be granted permission to terminate or not continue the franchise, or to enter into a franchise establishing an additional motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealership.

Evidence which would be admissible under the issues in a state or federal court action is admissible in a hearing held by the board. The board shall apportion all costs between the parties."

"Sec. 30. Notwithstanding the terms, provisions or conditions of any agreement or franchise, the following shall not constitute good cause for the termination or noncontinuation of a franchise, or for entering into a franchise for the establishment of an additional dealership in a community for the same line-make:

1. The sole fact that franchisor desires further penetration of the market.

2. The change of ownership of the franchisee's dealership or the change of executive management of the franchisee's dealership, unless the franchisor, having the burden or proof, proves that such change of ownership or executive management will be substantially detrimental to the distribution of franchisor's motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealer in the community.

3. The fact that the franchisee refused to purchase or accept delivery of any motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer or vehicles, parts, accessories or any other commodity or service not ordered by the franchisee."

"Sec. 31. Notwithstanding the terms, provisions or conditions or any agreement of franchise, subject to the provisions of subsection two (2) of section thirty (30) of this Act, in the event of the sale or transfer of ownership of the franchisee's dealership by sale or transfer of the business or by stock transfer or in the event of change in the executive management of the franchisee's dealership the franchisor shall give effect to such a change in the franchise unless the transfer of the franchisee's license under this Act is denied or the new owner is unable to obtain a license under this Act as the case may be."

"Sec. 32. The board may issue subpoenas, administer oaths, compell the attendance of witnesses and production of books, papers, documents, and all other evidence. The board may apply to the district court of the county wherein the hearing is being held for a court order enforcing this section."

"Sec. 33. In the event that a franchisor enters into or attempts to enter into a franchise, whether upon termination or refusal to continue another franchise or upon the establishment of an additional motor vehicle, combination motor vehicle and trailer, motorcycle, or trailer dealership in a community where the same line-make is then represented, without first complying with the provisions of this Act, no license under this Act shall be issued to that franchisee or proposed franchisee to engage in the business of selling motor vehicles, combination motor vehicles and trailer, motorcycles, or trailers manufactured or distributed by that franchisor."

"Sec. 34. In determining whether good cause has been established for terminating or not continuing a franchise, the board shall take into consideration the existing circumstances, including, but not limited to:

PRAYER

Prayer was offered by the Chaplain.

> O Lord, Our God, in the midst of the perplexities which confuse us, doubts which torment us, and rivalries which divide us, give us a faith and a compassion which will unite us.

> We are grateful for the differences represented in this legislature; differences which alone can focus new light on our issues. May we debate with fervor and disagree with understanding, but underneath our differences wilt Thou show us anew that a house that remains divided cannot stand, let alone lead our people to unity and peace and prosperity.

Clerk of the Legislature

SEVENTY-NINTH DAY—MAY 7, 1971

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

SEVENTY-NINTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, May 7, 1971

Pursuant to adjournment the Legislature met at 9:02 a.m., Speaker Hasebroock presiding.

PRAYER

Prayer was offered by the Chaplain.

> Our Father God, again at the dawn of a new day we turn unfilled to Thee. Take Thou the dimness of our souls away. Facing fresh duties, we would first search our own souls. May Thy holy powers of renewal be felt in every heart, and may all that has been withered in us be spiritually restored. May weights of despair be changed to wings of hope. May disappointments be changed into radiant expectations. May any bitterness of selfishness lurking in our hearts be transformed into a love that thinketh no evil and seeketh not its own. Scorning expediency and false compromise, may we be true to all truth the world denies, not tongue-tied by any lies, or persuaded by the wrong pressures, but faithful to the light which Thou hast placed within us. Amen.

ROLL CALL

The roll was called and all members were present except Messrs. Carpenter, Schmit, Stromer, and Ziebarth who were excused.

PRESENTED TO THE GOVERNOR

Presented to the Governor for approval on May 6, 1971 at 4:25 p.m.: LB 573.

(Signed) Barbara Jackson, Enrolling Clerk

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

EIGHTIETH DAY

Legislative Chamber, Lincoln, Nebraska
Monday, May 10, 1971

Pursuant to adjournment the Legislature met at 9:04 a.m., Speaker Hasebroock presiding.

PRAYER

Prayer was offered by the Chaplain.

> Our Father God, who art the light of all our seeing, we thank Thee for this quiet moment when facing human issues, with heavy responsibilities committed to our hands, trusting a strength and a wisdom not our own, we can look away from things seen to things unseen and confidently express our faith - in God we trust. In the secret places of the inner life may there be those spiritual deposits, that strength of conviction, that loyalty to ideals, that vision splendid of faith and hope that shall give poise and courage and undeviating devotion to the right, as Thou dost give us to see the right. May we highly resolve to give all and to dare all, and may our glad hearts thrill at the beckoning challenge of being partners with Thee, our Redeeming God, in building a society where righteousness and justice shall one day cover the earth as the waters cover the sea. Amen.

LEGISLATIVE BILL 717. Placed on General File

UNANIMOUS CONSENT—Print in Journal

Mr. Syas asked unanimous consent to print the following letter in the Journal. No objections. So ordered.

April 8, 1971

Senator George Syas
Nebraska State Legislature
State Capitol
Lincoln, Nebraska

Dear Senator Syas:

In response to your recent letter Legislative Bill 866 has been reviewed. By its terms, it proposes to create a single administrative commission whose concern would be post high school education, including junior colleges, vocational technical schools, the State Colleges and the University of Nebraska. As proposed, this commission would be granted a broad advisory function. However, along with this advisory function L. B. 866 grants rule-making power to the commission. As examples, Section 7(1) provides that no new programs may be established in any post high school institution without the prior approval of the commission, Section 7(6) authorizes a unified program of extension offerings, and Sections 8(5) and 9 authorize the commission to accept grants and to administer federal educational funds.

These and other rule-making functions proposed in L. B. 866 appear to conflict directly with the Nebraska constitutional provisions, found in Article VII, Section 10 and Article VII, Section 13, which place the general government of the University of Nebraska and the State Colleges in their respective boards. If the matter were before our Court it is extremely questionable whether it would uphold any attempt to remove from the Board of Regents and the Board of Trustees of the Nebraska State Colleges their constitutionally imposed duties to govern their respective schools without constitutional authority. This constitutional authority would require amendments to Article VII, Section 10 and Article VII, Section 13.

The possibility of dissecting from L. B. 866 those portions which impose affirmative duties rather than advisory duties on the proposed Nebraska Commission on Higher Education and which conflict with the constitutional provisions already mentioned, has been considered. This does not appear feasible, as the evident intent of the bill is to consolidate functions pertaining to higher education in this state, and excepting from such provisions the University and the State Colleges would emasculate the bill. Another possibility is that the bill might be revised in order to constitute the proposed Nebraska Commission on Higher Education as a solely advisory board. The conflict then between such a revised bill and the constitutional provisions might be harmonized.

You have inquired, further, whether the bill as proposed contains an unlawful delegation of legislative power to the proposed commission. In view of the foregoing discussion that question need not be reached, but it appears that there are good reasons for our court to uphold the delegation contained therein as being based on sufficient legislatively declared standards.

In sum, it is our opinion that insofar as L. B. 866 attempts to grant governmental powers to a new commission which have been already granted to the Board of Regents and the State College Board, it rests on questionable constitutional grounds.

Very truly yours,
CLARENCE A. H. MEYER
Attorney General

WHEREAS, the citizens of the State of Nebraska and the various governmental units have historically supported and approved the principle that all persons should have available to them quality education through a public school system; and

WHEREAS, the State of Nebraska through general fund appropriations is providing a substantial sum of money to school systems in order to provide (1) a higher standard of education, (2) a broad spectrum of educational services including special education for the physically handicapped, educable mentally handicapped, trainable mentally retarded, and the emotionally disturbed, and (3) local property taxation relief; and

WHEREAS, the Legislature has enacted much legislation relative to school aid which has been somewhat fragmented in providing a total concept of education systems and financial aid; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Legislative Council appoint a committee to study:

LEGISLATIVE RESOLUTION 67.

Introduced by Loran Schmit, 23rd District.

WHEREAS, pesticides have been developed which are very effective against the pests they are designed to eradicate or control but may also be harmful to desirable species including man; and

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

77-306. Whenever it shall appear to the Tax Commissioner that any property has been improperly omitted from the tax list or assessment roll of any governmental subdivision for any year, or, if assessed, that the property has been undervalued as compared with like property in the same county ~~or in the state~~, so that the assessment for such year in the governmental subdivision is grossly unfair or inequitable, whether the property has been equalized by any taxing authority or not, he shall make report thereof to the State Board of Equalization and Assessment.

Sec. 5. That section 77-507, Revised Statutes Supplement, 1969, be amended to read as follows:

77-507. The State Board of Equalization and Assessment shall annually review and equalize assessments of property ~~among~~ within counties and increase or decrease the assessed valuation of any class, classes, or kinds of property, personal, real, or mixed in any ~~county or~~ tax district to make such assessment conform to law. The board shall direct the Tax Commissioner to hold such hearings as are necessary to enable him to advise and assist the board in performance of its duties under the provisions of this section. In those counties or jurisdictions where the number of valid or bona fide sales or real estate are not considered sufficient to furnish conclusive evidence as to the ratio of assessed values to sales values, the Tax Commissioner shall have authority to conduct and use an appraisal to determine sales assessment ratio. In addition to the authority to conduct and use an appraisal in any ratio determination, the Tax Commissioner shall have authority to employ transfers of comparable real estate in surrounding counties as indicators of value in the sales assessment ratio. When an appraisal does not reflect current values to use in such ratio computation, the Tax Commissioner shall have the necessary appraisals conducted by qualified appraisers, and such appraisals shall be used in the ratio computation. The Tax Commissioner may use any other relevant matter in considering intercounty equalization.

Sec. 7. That section 77-1301.06, Revised Statutes Supplement, 1969, be amended to read as follows:

77-1301.06. Upon completion and final approval of any reappraisal conducted pursuant to the provisions of sections 77-1301.07 and 77-1301.08, the valuations established by such reappraisal shall be used for purposes of property taxation of all property so appraised. The county assessor and the county board of equalization shall maintain and update the appraisal conducted and completed pursuant to section 77-1301.07. After completing and using the appraisal scheduled to be completed pursuant to section 77-1301.07, each county shall make an annual review of the appraised values for the purpose of maintaining and updating the appraisal. Said review and the supporting data thereto shall be submitted to the Tax Commissioner in the form of a written report on or before February 1 of the year following the year in which the review is made. The report to be submitted shall be as prescribed by the Tax Commissioner. If any county fails to furnish the required report, or satisfactorily meet the requirements prescribed in the rules and regulations for maintaining and updating the appraisal, the Tax Commissioner shall enter into a contract for the review and updating of the appraisal. Such contract shall be only for the year in which the county has failed to act. Payment for any contract executed under the provisions of this section by the Tax Commissioner shall be pursuant to section 77-1301.08. Any county may at any time after completion of the appraisal scheduled to be completed pursuant to section 77-1301.07 contract for maintenance or updating to maintain an appraisal and contract for another reappraisal of the county when approved by the voters of that county by a majority vote at any general election or any special election called for such purpose. Such reappraisal or annual review and the contracting therefor, and the methods and procedures to be used, shall be in conformance with the provisions of sections 77-1301.07 and 77-1301.08 and any rules and regulations of the Tax Commissioner adopted pursuant to such sections.".

4. On page 2, strike lines 11 and 12 and insert:

Section 8: The provisions of this act shall apply to any pending litigation.

Sec. 3. It shall be the duty of the county board of equalization which has the responsibility for fixing the mill levy for such overlapping district, to determine the average ratio of assessment of real estate developed by the Tax Commissioner for each of the respective counties, into which such taxing district extends or includes.

Sec. 4 When the county board of equalization finds that the average assessment ratio for any of the respective counties varies not more than three percentage points from those ratios for other counties, into which such district extends apportionment as provided in section 1 of this act, shall not be deemed necessary. When the county board of equalization finds that the average assessment ratio for any of the respective counties varies more than three percentage points from those ratios for other counties, into which such district
"Sec. 9. That original section 77-306, Reissue
this act, shall be made as provided.

Sec. 5. When apportionment of the total taxes levied by any district lying in two or more counties has been accomplished as provided in this act, the county board of equalization shall fix separate and distinct mill levies for those parts of such districts lying in each county into which it extends. Such mill levy shall be fixed at a rate which, when applied to the assessed valuations of property within such part of a district, in each respective county, will raise the amount of taxes apportioned pursuant to section 1 of this act.

Sec. 6. The provisions of this act shall not be applicable when the mill levy adopted by the levying authority of any governmental subdivision is five mills or less.

Sec. 7. The provisions of sections 2 to 6 of this act shall become operative for taxes levied for 1971.".

1. In lieu of the Carpenter amendments adopted 4/16/71, strike sections 1 and 2 and insert nine new sections to read:

"Section 1. It is the declared policy of the State of Nebraska that it is necessary to regulate and control the manufacture, sale, and distribution of alcoholic liquors within the state for the purpose of fostering temperance in their consumption and respect for and obedience to the law. The advertising material furnished by suppliers of alcoholic liquor to retail licensees is an integral part of the distribution and the sale of alcoholic liquor together with the pricing by the suppliers of their products to retail licensees. In the supplying of advertising materials to retail accounts certain confusion has resulted from the enactment of conflicting legislation and failure to clarify the regulation of advertising materials which can legally be supplied may result in the placing in retail establishments of advertising materials which are not primarily for advertising purposes, but which would, in fact, give to the retail licensee matters of considerable value resulting in a tied-house between suppliers and retailers. There is a need to clarify existing legislation regulating advertising matters to be furnished retail licensees to promote an orderly marketing of alcoholic liquor which, in turn, will serve to promote temperance. To further accomplish these objectives and the declared legislative policy of the state in the manufacture, distribution and sale of alcoholic liquor, it is necessary that legislation be enacted to provide for the suppliers of alcoholic liquor to file with the Nebraska Liquor Control Commission schedules of prices at which the suppliers' brands of alcoholic liquor are available for purchase by retail licensees. This act is not for the purpose of fixing the wholesalers' prices to be charged to retailers but is for the purpose of making known to retail licensees the price at which alcoholic liquor will be sold to any retailer in the state. The further requirement that such schedules be posted thereof, at the supplier's place of business will promote the orderly marketing of alcoholic liquor. In part, this legislation will also implement section 53-168. In this implementation it is recognized that there are marketing factors which differ between beer and other alcoholic liquors. Some of these factors are the more frequent turnover of a retailer's beer inventory, the fact that wholesalers of other liquors handle more brands of their products than beer wholesalers, most of whom distribute only one of two major brands of beer, the shelf life of beer, and other factors. Because of these differences it is the declared policy of this state to have this act apply to beer only as it pertains to the initial filing of price schedules and then have the marketing of beer governed by the provisions of section 53-168. Recognizing the marketing requirements of alcoholic liquor, except beer, it is the legislative intent to require the filing of price changes and in order to promote a more orderly marketing of alcoholic liquor, except beer, to allow only the posting down of the pricing of each brand thereof not more than two times each year. These provisions will enable the retail licensees to be advised of price changes and enable the Nebraska Liquor Control Commission to adequately enforce the provisions of section 53-168.

Sec. 2. Within fifteen days after the effective date of this act each wholesales, distributor, or manufacturer selling alcoholic liquor to retail licensees in the state shall file with the commission, in such form as prescribed by the commission, a complete schedule of all prices to be charged to retail licensees by such form as prescribed by the commission, a complete schedule of all prices to be charged to retail licensees by such manufacturer, distributor, or wholesaler from the point of shipment for each brand of alcoholic liquor sold to retail licensees in the state by such manufacturer, distributor, or wholesales. Such schedule shall be dule verfied by the manufacturer, wholesaler, or distributor or his duly authorized agent and shall set forth: (1) The unit price per case for all such alcoholic liquor of each brand; and (2) the unit price per bottle, or other container, for all alcoholic liquor of each brand sold in broken case lots, the size of the bottle or container to be specified.

Sec. 3. Any such manufacturer, distributor, or wholesaler of alcoholic liquor, except beer, at any time after the filing of its schedules of prices charged to retail licensees, may amend the same by filing with the Nebraska Liquor Control Commission an amendment in writing on a form to be prescribed by the commission and specifically setting forth each item for which a change in price is made and stating the new price to be charged and the effective date of the price change, which shall in no case be less than thirty days after the date of filing the amendment with the commission and shall specify the period of time that the price change will be effective, which shall in no case be less than thirty days after the effective date thereof. For any brand or brands that have not previously been sold to retail licensees in this state by such manufacturer, distributor, or wholesaler, the price schedule may be amended for such brand or brands to become effective upon the filing of the amendment. If such manufacturer, distributor, or wholesaler has not previously sold such a brand in the state and has not previously filed a schedule of prices, then the prices of such brand or brands shall become effective immediately on filing of such a schedule and shall remain in effect for at least thirty days. If the price is increased thereafter, the price shall remain in effect for a period of one hundred fifty days before it can be reduced.

No manufacturer, distributor, or wholesaler shall make amendments of its price schedules to effect a discount in prices because of a retailer licensee's quantity purchases or to discriminate between retailers. To aid in the prevention of such discounts or discriminations, it shall be unlawful for any manufacturer, wholesaler, or distributor to reduce its price to retail licensees on a brand more than twice in any twelve-month period, and in the case of an increase in the price of a brand after a reduction, the increased price cannot be reduced again for one hundred fifty days thereafter.

Sec. 4. Any manufacturer, distributor, or wholesaler hereafter licensed shall, before commencement of business to sell alcoholic liquor at retail under such license, file its schedule with the Nebraska Liquor Control Commission, the same to be effective immediately upon filing, and shall thereafter proceed with regard to amendments as provided for in section 3 of this act.

Sec. 5. That section 53-169, Revised Statutes Supplement, 1969, be amended to read as follows:

53-169. (1) No manufacturer, distributor, or wholesaler shall directly or indirectly: ~~(1)~~ (a) Sell, supply, furnish, give, pay for, loan, or lease any furnishing, fixture, or equipment on the premises of a place of business of another licensee authorized under this act to sell alcoholic liquor at retail, either for consumption on or off the premises; ~~(2)~~ (b) pay for any such license, or advance, furnish, lend, or give money for payment of such license; ~~(3)~~ (c) purchase or become the owner of any note, mortgage, or other evidence of indebtedness of such licensee or any form of security therefor; ~~(4)~~ (d) be interested in the ownership, conduct, or operation of the business of any licensee authorized to sell alcoholic liquor at retail; or ~~(5)~~ (e) be interested directly or indirectly, or as owner, part owner, lessee, or lessor thereof, in any premises upon which alcoholic liquor is sold at retail.

Lawful advertising signs or displays shall include the following: (1) Pole displays, pole merchandisers, and stackers made of cardboard with or without metal feet, including cardboard bins designed to merchandise and advertise products and having no secondary value; (b) counter and floor racks, which are furnished by the manufacturer and are specifically identified with the manufacturer's brand; and (c) items and calendars advertising schedules of entertainment events or holidays and having no other secondary value. No person, engaged in the business of manufacturing, distributing, or wholesaling alcoholic liquors shall directly or indirectly pay for or advance, furnish any items for the individual use of the retail licensee's customers, or lend money for the payment of any licenses for another.

Sec. 6. The Nebraska Liquor Control Commission may revoke or suspend the license of any manufacturer, wholesaler, distributor, or retailer found violating the provisions of this act and all proceedings under this act shall be governed by the provisions of Chapter 53 governing the suspension or revocations of licenses and the appeals to the courts from any orders of the commission.

Sec. 7. If any section in this act or any part of any section shall be declared invalid or unconstitutional, such declaration of invalidity shall not affect the validity of the remaining portions thereof.

Sec. 8. That original section 53-169, Revised Statutes Supplement, 1969, is repealed.

MESSAGE FROM THE GOVERNOR

May 12, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska 68509

Dear Senators:

I return herewith LB 573 without my signature and with my objections.

Lengthy discussion in this message will serve no useful purpose. You are aware of my opposition to this measure.

We all recognize that there are legitimate concerns in some areas with regard to local taxes on business and agricultural inventory. Myself and others have suggested alternative proposals that should be considered in future sessions.

Equality in taxation will not allow raising the sales and/or income taxes on the average citizen of this state in order to benefit, for the most part, a select group.

I simply ask that you sustain my action because LB 573 is unfair legislation under any reasonable standards.

Yours very truly,

(Signed) J. James Exon
Governor

Pursuant to adjournment the Legislature met at 8:31 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

> In this, the day that the Lord hath made, help us to appreciate its beauty and to use aright its opportunities.
>
> Deliver us from the tyranny of trifles during these closing days of the Legislature. May we give our best thought and attention to what is important, that we may continue to accomplish those things which are worthwhile. Teach us how to listen to the prompting of Thy spirit, and thus save us from floundering in indecision that wastes time, subtracts from our peace, divides our efficiency, and multiplies our troubles. In the name of Christ. Amen.

LEGISLATIVE RESOLUTION 74.

Introduced by Loran Schmit, 23rd District; Fred Carstens, 30th District; Terry Carpenter, 48th District.

WHEREAS, the members of the Nebraska Unicameral Legislature, being the highest body in the State of Nebraska, are to take the responsibility for development of programs to meet the needs of the rural communities and in so doing have given this charge to the Medical College of the University of Nebraska; and

WHEREAS, the senators, recognize the fact that Nebraska has the lowest average of retained medical school graduates from the state medical colleges in the United States of America and are making the fact known that if our medical college wants to remain funded by the state money at its present level, we are expecting the promises of our medical administration to be kept in the upcoming year.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Nebraska Unicameral Legislature recognize the severe shortage of physicians in our rural communities of the great State of Nebraska and the attempt by the members of this great body to alleviate that shortage by increased appropriations to the medical school over the past ten years
2. That the Medical College of the University of Nebraska be cognizant of the promises made to the members of this body in that regard and that adequate steps be taken to substantiate the promises this body has received in the past eight years concerning this difficult and critical problem.
3. That the Medical College of the University of Nebraska recognize the fact that Nebraska native sons, not those transposed and given temporary residency status, since the native sons are those that are most likely to remain in the great State of Nebraska, be given top priority to the admissions status of the medical college starting with the class of 1975.
4. That the curriculum of the Medical College of the University of Nebraska stress general practice and not specialization in order to give more emphasis to the needs of the State of Nebraska.
5. That internships at the Medical College of the University of Nebraska are directed toward general practice and that specialization internships be minimized or discontinued.

6. That future faculty hired be of the frame of mind to encourage general practice rather than specialization.

7. That if the needs of the State of Nebraska are not soon met in the medical field, a change in administration be made to rectify this situation.

Laid over.

LEGISLATIVE RESOLUTION 75.

Introduced by Terry Carpenter, 48th District.

WHEREAS, the football stadium at the University of Nebraska at Lincoln has an inadequate seating capacity and many persons who desire to see the Nebraska football team participate in the sport are unable to secure tickets.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That the Board of Regents make plans for the construction of an addition to the stadium to provide as many seats as may be physically and structurally placed in the new addition.
2. That the Board of Regents expedite the construction which shall be financed by revenue bonds to be financed with revenue of the stadium and no part from tax funds of the State of Nebraska.

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

EIGHTY-FOURTH DAY

Legislative Chamber, Lincoln, Nebraska
Friday, May 14, 1971

Pursuant to adjournment the Legislature met at 8:35 a.m., President Marsh presiding.

PRAYER

Prayer was offered by the Chaplain.

> As we take these moments to pause in Thy presence, we know that in our relations with others there is a time to speak and a time to keep silent. Help us to tell the one from the other. When we should speak, give us the courage of our convictions; when we should keep silent, restrain us from speaking lest in our desire to appear wise we give ourselves away. Teach us the sacraments of silence that we may use them to know ourselves, to understand one another, and above all else to know Thee. Then we shall truly be wise, through Christ our Lord. Amen.

WHEREAS, on May 5 a hearing was held by some members of the Judiciary Committee concerning Resolution 32 in which a voluminous amount of testimony was heard, giving reasons for setting a definite date in regard to the Vietnam War, which hearing being attended by many young people as well as older Nebraskans from around the state, all of whom acted in a very courteous and attentive manner; and

WHEREAS, the representatives from the North Vietnamese Government and the People's Revolutionary Government have said that negotiations concerning American prisoners of war would begin as soon as the U.S. sets a date for total withdrawal from Vietnam; and

WHEREAS, the setting of that date would demonstrate to the Saigon government that it must begin to function on its own and begin to serve its people by ending its own corruption, by ending the repression of its own citizenry, and, in fact, by listening to its own people; and

WHEREAS, a recent poll in Vietnam conducted by the Pentagon indicates that only five per cent of the South Vietnamese people favor a continued American military presence there, and that, in fact, 65% oppose our military presence*; and

WHEREAS, this legislature has already set the precedent of introducing resolutions concerning national issues such as Vietnam in LR 10 and LR 35; and

WHEREAS, this is the concern of the Nebraska Unicameral since Nebraskans will pay 70 million dollars in taxes for the war in 1971.**

THEREFORE, BE IT RESOLVED THAT WE, THE MEMBERS OF THE 82ND LEGISLATURE OF NEBRASKA, FIRST SESSION:

Encourage the President and Congress of this United States to set a date as soon as reasonably possible for total and complete withdrawal of all U.S. forces and military support monies from Vietnam, which date shall be within one year after the enactment of this resolution.

LEGISLATIVE BILL 661. Mr. Snyder and Mr. Barnett moved to return LB 661 to Select File for the following specific amendments:

~~In the years that a President and Vice President are to be elected there shall be elected, at the primary election, delegates and alternates to the national convention. The number of delegates shall be governed by the rules of the national political party holding such convention. Two of such delegates for each political party shall be elected from each congressional district.~~

In each Presidential election year, delegates to the National Convention of the political parties shall be elected in the following manner:

(1) The number of delegates shall be governed by the rules of the National Political party holding the convention. The total number of delegates thus authorized shall be elected as delegates at large and delegates representing the Congressional Districts.

(a) The electors shall elect three delegates at the state wide primary. The number of delegates representing Congressional Districts shall be determined by taking:

(1) The total number of delegates authorized by the party.

(2) Subtracting the three delegates to be elected at large at the state wide primary.

(3) After the subtraction of the delegates to be elected at the state wide primary, the remainder shall be divided by the number of Congressional Districts existing in the State. The quotient will be the number of delegates to be elected at the state wide primary from each Congressional District.

(4) After the division any remaining delegates become delegates at large and shall be elected at the state wide primary.

The delegates elected at large and by Congressional Districts shall be elected in the primary election as provided in Section 32-542.01.

Explanation:

The intent of this amendment is to shorten the primary election ballot. Three delegates shall be elected by the electors at the state wide primary. Delegates shall be elected at the state wide primary to represent Congressional Districts. The following formula shall be used in determining delegates to be elected at large by Congressional Districts at the state wide primary. Republicans—sixteen total.

Republican Party delegates	16
Delegates to be elected at large at the state wide primary	3
	13

Divide balance by number of Congressional Districts existing in the State

$$\begin{array}{r} 4 \\ 3\,\overline{)\,13} \\ \underline{12} \\ 1 \end{array}$$

The remaining delegate after the division becomes a delegate at large. This delegate shall be elected at the state wide primary in addition to the three delegates.

The electors shall elect at large	3
First Congressional District shall elect	4
Second Congressional District shall elect	4
Third Congressional District shall elect	4
The one remaining delegate shall be elected at large at the state wide primary	1
	16

Democratic party delegates	22
Delegates to be elected at large at the state wide primary	3
	19

Divide balance by number of Congressional Districts existing in the state

$$\begin{array}{r} \\ 3\,\overline{)\,19} \\ \underline{18} \\ 1 \end{array}$$

The remaining delegate after the division becomes a delegate at large. This delegate shall be elected at the state wide primary in addition to the three delegates.

The electors shall elect at large	3
First Congressional District shall elect	6
Second Congressional District shall elect	6
Third Congressional District shall elect	6
The one remaining delegate shall be elected at large at the state wide primary	1
	22

This simplifies the ballot, reduces election expense, allows electors to vote on delegates statewide, allows electors to vote directly for their district representative with whom they are most familiar; increases the numbers of delegates from districts allowing a more accurate showing of presidential preferences, both in the district and statewide.

The motion to return failed with 13 ayes, 12 nays and 24 not voting.

LEGISLATIVE BILL 684. Mr. Johnson moved to return LB 684 to Select File for the following specific amendment:

1. On page 2, line 1, after the second comma, and in the title, line 2, after the second comma, insert "45-165.01, 45-165.02,".

MESSAGE FROM THE GOVERNOR

May 14, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska

Dear Senators:

It is with regret that I find it necessary to return herewith LB 369 without my signature and with my objections. While I share the serious and expressed concern of the Legislature for motorcycle safety, I cannot become convinced that all features of LB 369 are fair and do not violate some basic values.

In our legitimate desires to protect from possible death and injury certain classes of our citizens, have we, perhaps, gone too far?

The record would indicate that far more Nebraskans are killed or injured as a result of not wearing seat belts in automobiles than those not wearing helmets when operating motorcycles. Records indicate that for the year 1970, 198 automobile fatalities were recorded where seat belts were installed but not in use, and another 155 fatalities in automobiles were recorded where no seat belts at all had been installed. While it is true that the number of motorcycle fatalities appears to be increasing, one must further recognize that the number of operators has substantially increased in the past several years.

Would these figures not indicate that if good safety practices dictate that motorcycle operators be compelled to wear safety helmets required by law, that similar good safety practices dictate that automobile operators be compelled to fasten their seat belts? Yet we quickly recognize that to demand to operators of motor vehicles such a requirement is not likely to be accepted.

It would appear that it is more important to require that drivers of motorcycles be properly trained to operate such vehicles. It is for that reason that I quickly signed into law LB 962 on April 23, 1971. I am hopeful that the proper enforcement of LB 962 will result in a sharp decline in motorcycle fatalities.

I have considered LB 369 at some length and concede that the expedient action on my part would be to allow this measure to become law effective immediately upon my signature. However, in good conscience, this is an action I cannot take. This in and of itself would work a severe financial hardship on many operators of motorcycles that is not commensurate with the safety sought.

Moreover, many motorcyclists that I have discussed this proposition with concede that in most instances they do wear protective headgear and recommend it. They primarily object to that portion of the act which is mandatory.

Moreover, operators of motorcycles have in large numbers explained to me that the use of a helmet in city traffic may under certain circumstances be more dangerous than operating without. Many present helmets impair both necessary sight and sound. I feel that this aspect should be more thoroughly investigated before making the failure of wearing a helmet a requirement.

As passed by the Legislature, LB 369, with the emergency clause, would allow no reasonable time for many citizens to comply with the law that would become effective immediately.

Many motorcyclists own protective headgear that do not meet the worthy standards for such devices that you have approved and is set forth in the American Standards Association specifications for protective headgear.

The fact remains that we should thoughtfully consider some regulations, with proper penalty provisions, for motorcyclists and passengers on such vehicles. These might include requiring young persons to wear headgear who are passengers, or to require headgear on highways when vehicles are operated at high rates of speed, or other important regulations.

I am, therefore, having introduced in the Legislature today a compromise measure that, in essence, would authorize the Director of the Department of Motor Vehicles to hold hearings, investigate proper protective headgear for safety factors including protection, visibility, and hearing, and institute such rules and regulations governing motorcycles and attendant protective devices that would be enforced through such promulgated rules and regulations as opposed to the strict confines as dictated in LB 369.

It is my hope that such action will be approved by the Legislature as the best possible alternative available to all at this time.

Yours very truly,

(Signed) J. James Exon
Governor

Mr. F. Carstens offered the following amendment which was adopted:

1. Amend the bill by adding two new sections to be known as section 9 and 10 and to read as follows:

"Sec. 9. The availability of scientific knowledge, skills and materials for the transplantation, injection, transfusion or transfer of human tissue, organs, blood and components thereof is important to the health and welfare of the people of this state. The imposition of legal liability without fault upon the persons and organizations engaged in such scientific procedures inhabits the exercise of sound medical judgment and restricts the availability of important scientific knowledge, skills and materials. It is therefore the public policy of this state to promote the health and welfare of the people by limiting the legal liability arising out of such scientific procedures to the instances of negligence or willful misconduct.

Sec. 10. No physician, surgeon, hospital, blood bank, tissue bank or other person or entity who donates, obtains, prepares, transplants, injects, transfuses or otherwise transfers, or who assists or participates in obtaining, preparing, transplanting, injecting, transfusing or transferring any tissue, organ, blood or component thereof from one or more human beings, living or dead, to another human being, shall be liable in damages as a result of any such activity, save and except that each such person or entity shall remain liable in damages for his or its own negligence or willful misconduct only.".

PRAYER

Prayer was offered by Dr. Edward L. Jeambey.

> Eternal God-Our Father in heaven: We acknowledge Thee as our Creator, as our Sustainer, as our Provider, and as our willing Director. We would with true resignation yield our wills to Thine this day.

RESOLUTIONS

LEGISLATIVE RESOLUTION 77.

Introduced by Terry Carpenter, 48th District; Sam Klaver, 9th District.

WHEREAS, it is in the interest of the People of The State of Nebraska, and of all people everywhere that the danger of general war arising from events in the Middle East be avoided, that armed conflict in the area be ended, and that a just and lasting peace be established; and

WHEREAS, a dangerous situation now exists in the Middle East, which situation is due in large measure to the efforts of the Soviet Union and its allies who, in order to further their own interests, have perpetuated hostilities between different states and peoples in the area, and have given encouragement to those with agressive designs by supplying massive amounts of arms and the services of Soviet military personnel; and

WHEREAS, the State of Israel has been a steadfast symbol of democracy in an area beset by communism, feudalism and dictatorship, and has been a beacon of progress and hope in a part of the world darkened by poverty, disease, illiteracy and despair; and

WHEREAS, the people of Israel have consistently expressed and maintained their friendship for the people of the United States, and this Country, in turn, and every President and every Congress for the last 23 years have given their support and friendship; and

WHEREAS, we now reaffirm that friendship and support, and, further, applaud the courage the people of Israel have demonstrated in the defense of their liberty and in the defense of the common ideals and Judeo-Christian heritage which we share; and

WHEREAS, we believe that it is in the best interest of the United States that the people of Israel be able to dwell in freedom within safe and secure boundaries, and that they have the means to defend their liberty, and to deter Soviet aggression, and that great powers not impose upon them political settlements which would jeopardize their future.

NOW THEREFORE BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION: That we hereby urge the government of the United States to (1) Do all that is possible to facilitate a just and lasting peace for all nations and all peoples in the Middle East (2) Keep and maintain the mutual friendship of the people of these United States and the people of the State of Israel, (3) Condemn the Soviet Union and its allies for the massive arms buildup in the area and the unrelenting encouragement of hostility towards the State of Israel, (4) Allow the people of Israel to defend their liberty by giving them the necessary military and economic aid to deter agression by those seeking destruction of their country, (5) Encourage direct negotiations between Israel and its neighbors to effectuate a permanent end to armed conflict, with recognition of the sovereignty of all parties, and the right of Israel to have secure and recognized boundaries, (6) Establish the freedom of the seas for all nations in the area and in all waterways, including the Suez Canal and the Straits of Tiran, (7) Impose no pressure upon Israel to withdraw or to sacrifice any territory without the establishment of a true peace, (8) Encourage all peoples in the Middle East to seek the dignity of peaceful progress in harmony with each other, rather than the bitterness and frustration of continuous enmity and hostility, and thus, to turn their swords into plow shares and their spears into pruning hooks.

Laid over.

LEGISLATIVE RESOLUTION 78.

Introduced by Terry Carpenter, 48th District.

WHEREAS, the Congress of the United States has found and declared that the erection and maintenance of outdoor advertising signs, displays, and devices in areas adjacent to the Interstate System and the Primary System should be controlled in order to protect the public investment in such highways, to promote the safety and recreational value of public travel and to preserve natural beauty, and

WHEREAS, the Congress of the United States passed an Act commonly referred to as the Highway Beautification Act of 1965 also known as Public Law 89-285, and

WHEREAS, the Act further states that Federal-Aid Highway Funds apportioned on or after January 1, 1968, to any state which the Secretary determines has not made provision for the effective control of the erection and maintenance along the Interstate System and the Primary System of outdoor advertising signs, displays, and devices which are within six hundred and sixty feet of the nearest edge of the righty-of-way and visible from the main traveled way of the system, shall be reduced by amounts equal to 10 per centum of the amounts which would otherwise be apportioned to such state under Section 104 of this title, until such time as such state shall provide for such control, and

WHEREAS, the Act further states that whenever he determines it to be in the public interest, the Secretary of Transportation may suspend, for such periods as he deems necessary, the application of the above mentioned reduction, and

WHEREAS, the Secretary has permitted such suspension and

WHEREAS, the Secretary has now lifted the suspension on the reduced apportionment, and

WHEREAS, the Director-State Engineer of the Nebraska Department of Roads has now received the attached April 16, 1971, Federal Highway Administration Notice EV-30, titled "Guidelines for Outdoor Advertising Control--Highway Beautification Act of 1965", which outlines procedures for the implementation of the outdoor advertising provisions of the Highway Beautification Act of 1965, and

WHEREAS, the State of Nebraska desires to provide effective control of the erection and maintenance of outdoor advertising in areas adjacent to the Interstate System and the Primary System, and desires to protect the public investment in such highways, and desires to promote the safety and recreational value of public travel, and desires to preserve natural beauty,

THEREFORE BE IT RESOLVED, that the Legislature of the State of Nebraska hereby believes that a sincere effort should be made to study Public Law 89-285 in the interim period, and to formulate legislation to be considered at the Legislative Session to be held in 1972.

Referred to the Executive Board.

Mr. Carpenter asked unanimous consent to print the following statement concerning LR 78. No objections. So ordered.

Statement Concerning Resolution for Interim Study to Develop Legislation for Consideration in 1972, Relative to Control of Outdoor Advertising Along Interstate and Primary State Highways

As a result of the Highway Beautification Act of 1965, legislation for control of outdoor advertising was proposed in 1967 but died in committee.

In 1968, the Secretary of Transportation decided to declare a moratorium on his authority to reduce a State's apportionment of Federal Highway Funds by 10 percent in cases where the terms of the 1965 Highway Beautification Act were not being complied with.

In 1969 no legislation was introduced to control outdoor advertising.

In February of 1971, the Secretary of Transportation notified all the states that the moratorim was lifted, and that states would be expected to comply with the terms of the Beautification Act, but no specific deadline for compliance was set, nor were any specific guidelines provided.

On May 11, 1971, the Director-State Engineer was notified by the Nebraska Division Engineer of the Federal Highway Administration that there is a "real possibility" that Nebraska's Federal-Aid Highway Apportionment will be reduced by 10 percent, as provided by the law, unless Nebraska enacts an acceptable advertising control law. Although no specific deadline for such action is yet known, it should be noted that the Secretary of Transportation expressed that he is very sincere in his statements that he intends to invoke the penalty provisions.

It is therefore considered to be in the best interest of the citizens of this State to commit this Legislature to provide for an interim study of this matter for the purpose of proposing suitable legislation for consideration at the 1972 session of the Nebraska Unicameral.

Referred to the Executive Board.

PETITIONS

LEGISLATIVE PETITION 1.

WHEREAS, Senator Jack Miller of Iowa introduced Resolution No. 86 on April 15, 1971 in the Senate of the United States; and

WHEREAS, the said resolution resolves to the Congress of the United States that the United States agree to the complete withdrawal of all American military personnel from South Viet Nam within twelve months following completion, under appropriate international supervision of the exchange of prisoners of war as proposed by the President in his public address of October, 1970 and the accounting for those missing-in-action.

NOW, THEREFORE, THE UNDERSIGNED MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION, 1971:

Petition the Congress of the United States to support said resolution and express our earnest concern for a just conclusion of the Viet Nam conflict that includes the safe return of all American and allied prisoners of war, the accounting for personnel missing-in-action and the accelerated withdrawal of all American military personnel from South Viet Nam.

>
> This is why we come to you, Lord, we need your counsel. We thirst for your wisdom.
>
> Encourage us today to seek to do that which is right and just, for Lord you know how easy it is to do that which is expedient.

> Keep us from making decisions which enhance our private interests. May we be men, this day--Tuesday morning--who seek the interests which serve people.

Legislature of the
State of Nebraska
State Capitol
Lincoln, Nebraska

Gentlemen:

Chapter 85, Article 4, Section 85-404, Reissue Revised Statutes of Nebraska, 1943, provides that The Board of Regents of the University of Nebraska (the "Board of Regents") may issue revenue bonds for the purpose of constructing facilities for parking on real estate owned or controlled by the Board of Regents and pay the cost thereof by issuing revenue bonds payable solely out of their revenue. If the Board of Regents proposes to pledge all or any part of the revenues and fees from facilities other than the facilities to be constructed, Section 85-404, Reissue Revised Statutes of Nebraska, 1943, requires that the plans for the facility to be constructed, including financing plans, shall first be submitted for approval to the Legislature if in session, or to the Executive Board of the Legislative Council, if the Legislature is not in session.

The Board of Regents proposes to build a parking facility on its University of Nebraska Medical Center campus in Omaha, Nebraska, and pay for such facility with revenue bonds, pledging the revenues and fees from such parking facility and from other parking facilities now existing on such campus. Accordingly, the Board of Regents requests your approval of the plans for construction of such parking facility, including the financing plans.

PROPOSED PROJECT

General Description.

The parking facility to be constructed (the "Project") will be located on the south side of Emile Street between 41st and 42nd Streets in Omaha, Nebraska. The Project will consist of a three level open-air parking structure of approximately 132,500 square feet covering a ground area of approximately 54,000 square feet extending 200 feet south of Emile Street, and will provide parking space for approximately 402 vehicles. The land upon which the Project will be constructed is owned by the Board of Regents and is a part of its Medical Center campus.

The parking structure will be steel or concrete or combination thereof. Alternate bids will also be taken for (i) a sub-level basement which will add 76 parking spaces, and (ii) a fourth level which will add 124 spaces.

The Project will have cast aggregate panels on the Emile and 42nd Street sides. All decks will be adequately lighted and there will be enclosed stairwells. The first level entrance will be on 42nd Street and second and third entrances on Emile Street.

Cost of Project.

The total cost of construction, interest on the revenue bonds during the construction period, bond issuance expenses and reserve funds will be approximately $1,026,650. Of this cost, not to exceed $1,000,000 would be financed through parking revenue bonds and the balance would come from available funds derived from previous parking revenues. The general fund of the University of Nebraska would be paid $3,890 from the proceeds of the revenue bonds to reimburse this fund for present value of parking facilities previously paid from such fund.

FINANCING PLANS

Parking revenue bonds of the Board of Regents would be issued under the statutory authority referred to above in an amount not to exceed $1,000,000. These bonds would mature in not to exceed 20 years with an average net interest cost to absolute maturity of approximately 7½%. From the proceeds of the sale of the revenue bonds, approximately $93,000 would be placed in a bond reserve fund which would be invested to reduce the overall net interest cost. In addition, during the construction period, bond proceeds would be invested until required to pay construction costs.

The revenue bonds would be payable solely from revenues and fees from the Project and other existing parking facilities on the University of Nebraska Medical Center campus, together with any additional parking facilities that might be added to such campus from the surplus revenues and fees not required to pay principal and interest on the parking revenue bonds.

Under the resolution authorizing the parking revenue bonds, it is proposed that parking rates and fees would be charged so as to maintain 1½ times debt service coverage. Surplus revenues would be used for operation and maintenance of the parking facilities, renewals and replacements of the parking facilities or payment of bonds prior to maturity. The bonds would be optional at any time on or after five years of date of issue.

NEED FOR PROJECT

One of the most critical needs from the physical plant standpoint at the University of Nebraska Medical Center is additional parking facilities for patients, doctors, faculty, students and hospital visitors. The University hospital on such campus is expected to generate substantial income from patients but hospital availability for patients and staff is severely limited by lack of parking facilities.

REQUEST

The Legislature of the State of Nebraska is requested to approve the foregoing plans for construction of the Project, including the financing plans. A resolution for such approval is enclosed. Detailed drawings, specifications and financing feasibility reports are available upon request.

Respectfully submitted,

THE BOARD OF REGENTS OF THE
UNIVERSITY OF NEBRASKA

(Signed) G. Robert Ross
Corporation Secretary

MOTION—Print in Journal

Mr. Carpenter moved that the speech made by Senator Chambers on Resolution 75, introduced on page 1879 of the Journal on May 13th, and debated on May 14th as outlined on page 1908 of the Journal be printed in the Journal. The speech was taken verbatim from the recording machine, which is a part of the official record on these debates in the Senate Chamber.

SENATOR CHAMBERS: Mr. President, Members of the Legislature, the feeling behind this resolution makes it difficult for me to speak against the resolution. I think that if there are people interested in football, they should have an equal opportunity to see it.

But I look beyond just these problems. The problem of trying to be able to obtain football tickets to watch a team which is extremely popular in this state and this entire region. Everybody loves a winner and nobody loves a loser. Nebraska is going to be a loser again. I have to look at the tremendous amount of pressure being on these young men carrying the football. The people at this University and other places see them only as highly coordinated bundles of muscle fiber. Man, who in a sense, have a football for brains and basketballs for heads. There is little consideration given as to whether or not they will learn anything while in school, which will make it possible for them to function as productive citizens in this society, should they happen to become injured, and unable to play football anymore. So I think that the Legislature should go slow in doing anything else to put more pressure on these young men. I think there should be no additions to the stadium, no resolutions praising the coach, nothing to indicate that football is as important as it has been made in this state. I feel that this, to quote Senator Carpenter "has a long fuse" and I think we should consider it. These young men should not have any more pressure placed on them and for that reason I have to be opposed to the entire resolution. Whatever reasons other people may have for being opposed, I hope it will be defeated this morning.

SENATOR CHAMBERS: Senator Carpenter means well in what he says about having an Indian and a Mexican on the team, to instill pride. But this is not the pride of accomplishment that we as black people need. We need something more than a Joe Lewis who goes out and batters somebodys brains out to make himself a credit to his race. Somebody like Johnny Rodgers, though he is small and very swift and elusive, can leap high into the air and catch a pigskin and run for a touchdown. After this is done, nothing worthwhile or meaningful has been accomplished. The things that are being developed by the game of football are the physical attributes. If we are just trying to develop speed,-------. At the University of Nebraska the black athletes don't even have self-respect, because the coach and his staff tell them not to get involved in any efforts by the black students or the minority groups to improve conditions at the University for those students. As a matter of fact in the recruitment program Senator Carpenter for minority students, the black athletes are told not to participate. When statements are put out by the students and others about the number of minority students at the University, they say there are such and such a number, not including the black athletes. These men have been converted into near zero. They are shadow men with no self-determination and no right to determine what their role will be on the University. Senator Whitney pointed out something that I was trying to indicate. He said he taught and he gave these athletes high grades because they were there working for the school---. A grade does not indicate that a man has learned anything. We need our young men to have something in their minds. Football does not give us the kind of pride that we need, it makes animals out of us. It makes us however, showman, spectacles. They cheer for us on the field when we run the ball but as soon as the football uniform is taken off and civilian clothes are put on, as the song says, its back to the madison. You can walk into a restaurant and if they don't know that you are Joe Orduna, then you may get that cold treatment. You may find it difficult to find a home in Lincoln. So football is not the way to pride for minority groups. We need the chance to determine for ourselves, what path we will fillow up to that goal. There are others who have expressed opposition to this resolution for various reasons. I think it ought to be defeated. I agree with the motion to kill the bill.

I told them why certain Senators will not listen to their side of the argument. Does it seem reasonable to you that if a bill at this time is to be framed, that the men and women most concerned with it, namely those who ride motorcycles should be consulted. Perhaps they could give us an idea of what it would take to increase the safety of an individual riding a motorcycle. If it is absolutely 100% foolhardy to ride a motorcycle without a helmet, I am not waving the flag, in fact I do not even salute the flag, and I hope that statement does not cause you to override the Governor's veto. (Well, it might, now if it was my veto you should and this is a man who I understand very well. We have this little thing going back and forth between us all the time, it doesn't offend me, don't let it offend you. This makes him by far the most fascinating personality in this Legislature and sometimes when he sees somebody poaching on his reserve, he naturally like any man is going to defend his territorial perogative. If a man is a fool to ride a motorcycle without a helmet in this country he has a constitutional right to be a fool as long as it is only his own safety that is involved. Let him have the constitutional right to be whatever he would be, by riding a motorcycle without wearing a helmet.

LEGISLATIVE JOURNAL

EIGHTY-SECOND LEGISLATURE
FIRST SESSION

EIGHTY-EIGHTH DAY

Legislative Chamber, Lincoln, Nebraska
Thursday, May 20, 1971

Pursuant to adjournment the Legislature met at 9:10 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Rev. Bob MacLennan.

> Lord, you have said that when we listen to and care for those in jail, those who are sick, those who are poor, those who are hungry---we have listened to and cared for you---because you have identified so intimately with them.
>
> Here we are again today. We have bills to pass, arguments to make, words to hear, feelings to express. In all of these things help us, Lord to remember why we are here and why we make these laws. Help us to remember that many people are counting on us to bring release from unjust burdens and relief from unwarranted pain. Make us into men who daily become aware of ways we can serve you through our fellow man. No matter where he is, be they free or in jail, rich or poor, healthy or sick, for your sake, Lord. Amen.

State Senator G. A. Goodrich
% Clerk of the Legislature
State Capitol
Lincoln, Nebraska

Dear Senator:

Let this letter serve as confirmation of the price we gave you of $9,354.00 for furnishing all material and labor briefly described as follows:

The three glassed in areas to consist of doubled glazed walls 32" from the floor to a height that runs in line with the horizontal beam at the present ceiling. Above and below the glass will be an insulated material 1" thick with an aluminum colored skin on both sides to match the bronze anodized metal. Access doors will be included. These would be single doors at each "Lobby-area" and a pair of doors at the main entry at the rear of the chamber. These doors will have a latch-lock that will require a key for entry on one side but can be opened on the other side by means of a handle.

It is understood that all anchoring is to be concealed and none of it into the present wood or face of marble columns. We do have to anchor into the floor at various places but we will hold them to a minimum and at the least conspicuous places.

We thank you for giving us an opportunity of quoting you on this and hope we may be awarded your valued order.

Yours truly,

MESSAGES FROM THE GOVERNOR

May 20, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska

Dear Senators:

I regret that I must herewith return to you LB 264 without my signature and with my objections.

While I recognize that it might be easier if I were to simply sign LB 264 into law, I believe that fiscal responsibility compels me to do the contrary and while there may be those who will attempt to improperly brand me as being opposed to education, I believe that my responsibility to the people of the State of Nebraska requires that I not permit them to be mislead with the over-worked cliche that more tax dollars automatically mean a better education for young Nebraskans.

It has been suggested that passage of LB 264 will result in a reduction in property taxes for citizens throughout the State. Careful reading of LB 264 will disclose that such is not the case.

The fiscal impact of LB 264 is that some fifty million dollars must be raised by the sales-income tax during the fiscal year 1971-72. Without taking into account other spending measures by this Legislature, this measure would require the state income tax to be raised to 17% (assuming as all seem to concur we are likely to be forced to return to the 1970 figure of 13%) and the state sales tax to be raised to 3 1/2%, with additional sales taxes in those communities having local sales taxes.

While this is in itself contrary to my pledge to the citizens of the State of Nebraska and their apparent desire, the hazards go further. Notwithstanding the increase in sales and income tax, there is no assurance that property taxes will in any manner be reduced and, in fact, if past history is of any value, there is every reason to believe that the property tax could be increased along with the sales and income tax. The reason for this is clear. Under the provisions of LB 264 there are no limitations on the amount of the budget which a school district may develop for the fiscal year 1971-72 in the areas of capital improvements, teachers' retirement, and a host of other non-operational items. Nor is there any way in which I as Governor or you as the Legislature by adopting LB 264 can control the actions of the local school districts. Should these non-operational items be increased, as past history has indicated they could be, then property taxes might be increased. We could find ourselves misleading the peope (sic) of this state again as was done by both the 1967 and 1969 Legislatures and the then Executive Branch of state government.

Moreover, the limitations prescribed in LB 264 at best, provide but short term relief. After 1973 there are no penalties imposed on any school district increasing their operational budget up to 8% per year and their non-operational budget by any amount they choose. In very short order the sales and income tax would have to be continually raised in order to meet these budget increases, or the benefits sought by LB 264 in reducing real property would be totally lost. In light of all that has transpired, this appears not to be the appropriate manner in which to try to solve the problem of education or attempt to give relief to real property taxes in Nebraska. It clearly will not result in a permanent reduction of such taxes.

Experience has already shown that the 35 million dollars heretofore allocated to local school districts through State Aid to Education has not prevented an increase in property taxes by local school districts. To add another 50 million dollars on top of the 35 million dollars already appropriated on the pretext of property tax relief is not a provable fact under LB 264.

I stand committed to the proposition that the state must have an outstanding educational system within our means and our desire to pay for that system. I cannot, however, accept the fact that by shifting the burden from one tax to another without insuring any total tax reduction, is any answer.

In fairness to the constituents of your districts, I urge you to reexamine the effect of LB 264 and permit this veto to stand.

Very truly yours,

(Signed) J. James Exon
Governor

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers

Dear Senators:

I herewith return to you LB 1008 without my signature and with my objections. Recognizing that the purpose of the constitutional amendment authorizing the issuance of highway bonds and the enactment of laws pursuant thereto during the 1969 Legislature was intended for the purpose of providing funds for state highway construction with first priority to the national system of interstate and defense highways, and further recognizing that we are advised by our State Engineer that sufficient funds now exist for accomplishing those purposes, I cannot sign into law a bill which is intended to impose upon the state the payment of unnecessary interest in order to make up for a shift in funds from the counties to the cities created by your earlier enactment of LB 74. Had you intended to provide these additional $3,000,000 in funds for the counties, it appears to me that this should have been taken into account in enacting LB 74. LB 1008 must be considered as a subterfuge to fund LB 844 and in violation of the Highway Bond Act.

Moreover, I believe that a serious question of separation of powers is raised when legislation such as LB 1008 is attempted. The statutes enacted in 1969 clearly vested the Executive Branch of government, including the Nebraska Highway Bond Commission, with the authority to determine how, and in what manner, and at what time, the bonds should be issued with the Legislative Branch of government being vested with the authority to determine the total amount to be authorized from time to time. To attempt to compel the Commission to issue $3,000,000 of bonds on or before a date selected by the Legislature at a time when revenue bond funds are not needed for the continued construction of highways in this state, clearly flies in the face of the Nebraska Highway Bond Act, both in letter and in spirit. Should the Legislture have merely authorized the issuance of the bonds as they did in enacting the Nebraska Highway Bond Act leaving the question of when, and how much to the Highway Bond Commission, I could have accepted this legislation. Having made the act mandatory, an act which raises serious legal questions, I cannot accept the enactment.

Furthermore, the Attorney General advises me that serious constitutional questions are raised as a result of your passage of LB 1008.

I urge you not to jeopardize the ease with which the state might, if needed, issue revenue bonds by enacting legislation which raises serious legal questions and which might impair the validity of the bonds as issued. I, therefore, ask that you permit this veto to stand.

Very truly yours,

Dear Senators:

I return herewith to you LB 1031 without my signature and with my objections.

I think we will all agree that maintaining the necessary separation of powers between the various branches of government is essential. In my opinion, and in the opinion of the Attorney General of this state, serious questions are raised by your enactment of LB 1031. I believe that this bill both interferes with the Executive Branch of government in the administration of funds once appropriated by you and further interferes with the effective operation of government by the Board of Regents and the State Building Commission as provided by law.

I wish to assure you that every good measure will be exercised by the Building Commission, and I must assume by the Board of Regents, in constructing the State Office Building and the Fieldhouse. This guarantee can be accomplished without ceding the authority vested in the Executive Branch of government, the Building Commission, and the Board of Regents.

While your suggestions will always be welcomed, the final determination must, in my opinion, be placed where the Constitution and laws direct. It is for that reason I cannot constitutionally execute LB 1031.

COMMUNICATION

May 25, 1971

Mr. Vincent D. Brown
Clerk of the Legislature
State Capitol Building
Lincoln, Nebraska 68509

Dear Mr. Brown:

This is in response to your communication of May 21, 1971, forwarding legislative resolution regarding the Department of Revenue affixing cigarette tax stamps.

At this time, I am unable to supply cost figures for this type activity. The information needed for a reasonable estimate is too complicated and voluminous to assemble in such short time.

This Department is, however, in the process of planning such a review. This will involve not only a cost accounting approach of present Nebraska operations, but will also include a review of the studies which have been under way for several years in other states.

Sincerely,

(Signed) William E. Peters
State Tax Commissioner

RESOLUTIONS

LEGISLATIVE RESOLUTION 82.

Introduced by Herbert J. Duis, 39th District; Robert L. Clark, 47th District.

WHEREAS, extensive lowland flooding is now occurring along the Platte River system in Nebraska; and

WHEREAS, a major part of the present flooding is caused by clogging of the river channels by man-made dikes and by thick growths of natural river bottom vegetation; and

WHEREAS, the upstream storage spaces in Colorado and Wyoming are nearly full and because of the ever present possibility of locally heavy rains coupled with a rapid melt of the record Colorado and Wyoming Rocky Mountain snowpack (one hundred eighty-five per cent of normal), an even more serious flooding potential is present in the Platte Valley; and

WHEREAS, Lake McConaughy on the North Platte River in Nebraska is also nearly full and as a consequence its downstream flood protection potential is now greatly diminished.

NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF THE EIGHTY-SECOND LEGISLATURE OF NEBRASKA, FIRST SESSION:

1. That this legislative body urge the United States Army Corps of Engineers to begin an immediate study of downstream storage sites to provide for the transfer of storage space from Lake McConaughy to a downstream tributary site so that a flood pool space can be created at Lake McConaughy while at the same time providing replacement storage for saving surplus water for later beneficial use during dry periods in Nebraska.

2. That the Nebraska Soil and Water Conservation Commission in cooperation with the Corps of Engineers immediately begin studies leading toward effective flood plain zoning in the North and South Platte and Platte River valleys to prevent losses from local flooding.

3. That a Legislative Study Committee be authorized to study existing flood plain zoning laws in an effort to determine if changes in these laws are needed to make them more effective.

4. That the Central Nebraska Public Power and Irrigation District, owner and operator of Kingsley Dam and Lake McConaughy, be requested to work with the Nebraska Soil and Water Conservation Commission and with the Corps of Engineers in finding solutions to the flood storage aspects of the problems noted herein.

Mr. Duis moved to suspend the rules and take up LR 82 at this time. The motion prevailed with 41 ayes, 0 nays and 8 not voting.

Mr. Stull asked unanimous consent to have his name added to LR 82. No objections. So ordered.

NINETIETH DAY

Legislative Chamber, Lincoln, Nebraska
Wednesday, May 26, 1971

Pursuant to adjournment the Legislature met at 8:03 a.m., President Marsh presiding.

PRAYER

Prayer was offered by Dr. Edward L. Jeambey.

> Eternal God our Heavenly Father: Help us to understand that without Thee we are nothing and without Thee we can do nothing, for in Thee we live, and move, and have our being.
>
> Although we possess, in record, the wisdom of the ages, the knowledge of the ancient Seers; Although we possess the experiences of the present Scientists, and we can claim Thy promises for the future, still we realize how weak we are, and how inadequate to handle the hard and knotty problems of our day.
>
> Without divine help we miserably fail, and fall far short of the desired ends. So, Lord, give us in this final day of session, a double portion of Thy grace, Thy strength and Thy wisdom, and may Thy will be done here and on this earth, as it is done in heaven. Amen.

ROLL CALL

MESSAGE FROM THE GOVERNOR

May 25, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska 68509

Dear Senators:

I return herewith to you LB 707 without my signature and with my objections.

LB 707 is an attempt by the Legislature to appropriate $3,000,000.00 for county government to reimburse such governments for money allegedly shorted said county government in favor of city governments by allocations to subdivisions of state government during the 1967 session. This occurred when taxes on intangible, head and household goods were eliminated in the 1967 session and an attempt to correct this situation failed in the 1969 session.

The fact remains that, if anything, such county governments are possibly entitled to rebates from city governments who were the beneficiaries of the change, and not the taxpayers of the State of Nebraska as a whole with additions to the sales and income taxes. While I insist that fairness should be shown all subdivisions of state government, I cannot agree that we follow the philosophy that, because of a possible error by past Legislatures, we ignore the obvious responsibility of the Legislature to enforce equal distribution of state tax funds simply by adding an additional burden on the sales and income taxpayers.

LB 707 would force a raise in the sales and/or income taxes to every citizen of this state and therefore is not acceptable to me.

In vetoing LB 707, I should like to call your attention to the fact that I have signed LB 844, even though I have some reservations regarding that measure. LB 844 will take funds from the state road building program, some $3,000,000, but it will be spread over a 6 year period and therefore is not likely to have too serious an effect on state road programming.

In the interest of holding the state tax line, I encourage your support of my objections to LB 707.

Yours very truly,

(Signed) J. James Exon
Governor

STANDING COMMITTEE REPORT

Government and Military Affairs

LEGISLATIVE BILL 758. Placed on General File as amended.
Standing Committee amendment to LB 758:

1. Strike sections 1 to 3 and insert the following:

"Section 1. The Legislature finds that bargaining between a gas utility and persons who consume gas outside the limits of any municipality is frequently cumbersome, inequitable, and unsatisfactory to either one or both parties because such persons negotiating individually lack advisors qualified by education, training or experience to judge whether a given gas rate is reasonable and provides a fair return on the investment of a negotiating utility. Legislation should be provided whereby a person or a group of persons who buy gas outside of any municipality can bargain collectively with such utility and pool their resources to hire professional advisors and representatives to balance the professional advisors and representatives generally at the command of such utility and provide that the State Railway Commission shall determine gas rates when requested by such persons to the end that a rate will be set binding on both parties with adequate provision for appeal to the courts.

Sec. 2. Unless the context otherwise requires:

(1) Commission shall mean the State Railway Commission.

(2) Gas utility shall mean any natural person, partnership, association, cooperative or corporation which sells natural gas at retail in this state.

(3) Person shall mean an individual, partnership, association, cooperative or corporation, except a municipal corporation, which consumes gas at retail for use outside any municipality.

Sec. 3. The commission shall have sole authority to set retail gas rates in this state subject to review of the Supreme Court as provided in this act. The commission shall receive all applications for service agreements between a gas utility and one or more persons which shall be docketed and set for hearing within thirty days after filing. Notice of the filing of such application shall be given to each person involved by the applicant and proof of service of notice shall accompany each application filed.

Sec. 4. The commission shall hear the evidence for and against any rate in any service agreement for which application is made and within twenty days of the conclusion of such hearing shall make appropriate findings of fact and order the parties to abide by such rates and agreement as the commission shall determine is required in the public interest. A stenographic record shall be made of all evidence adduced at such hearing.

Sec. 5. Persons who are served by the same gas company may join in any application for approval of a service agreement and the commission shall set such joint application for hearing without entertaining any notion to sever the application into several applications or several agreements.

Sec. 6. The commission shall provide such rules, regulations and procedure as it shall determine are required in order to carry out the provisions of this act and comply with the Administrative Procedures Act.

Sec. 7. After the commission deliveres its order as required by this act, any party to the agreement submitted in such application may appeal the decision to the Supreme Court which may try the matter de novo on the record.

Sec. 8. The commission shall have authority and jurisdiction to determine and establish priorities of service between the customers of a gas utility, and to determine the order in which gas service to such customers may be curtailed by a gas utility; Provided, that an interruptable fuel user who does not have standby fuel supply, shall be given first priority.".

UNANIMOUS CONSENT—Print in Journal

Mr. Carpenter asked unanimous consent to print the following in the Journal. No objections. So ordered.

May 24, 1971

Senator Terry M. Carpenter
Nebraska State Legislature
State Capitol Building
Lincoln, Nebraska

Dear Senator Carpenter:

In your letter of May 12, 1971, you asked three questions. We will answer them in the order in which they were asked. Your first question is whether in establishing the 1972 tax rates the Board of Equalization must take into account the projected cash flow of receipts and disbursements, so as to insure an adequate balance in the State General Fund at all times throughout the year. The procedure for setting the sales and use tax rates and income tax rates is set forth in Section 77-2715.01, R. S. Supp. 1969. We will discuss this procedure in more detail in connection with the answer to your third question, but in answer to your first question we will say that this section neither requires nor authorizes the considerations you mention to be taken into account in fixing these rates.

Your second question is whether there is any statutory or constitutional prohibition against the state's issuing registered warrants for payment of appropriated expenditures during periods that the General Fund balance is exhausted. Article VIII, Section 8 of the Constitution and Sections 77-201 to 77-2206, R. R. S. 1943, make provisions for the issuance of warrants. Article XIII, Section 1 of the Constitution, provides that the state may, to meet casual deficits, or failures in the revenue, contract debts never to exceed in the aggregate one hundred thousand dollars. An argument can be made that this provision constitutes a limitation upon the state's authority to issue registered warrants. In our opinion, however, this constitutional provision is not applicable to the issuance of registered warrants for payment of appropriated expenditures during periods when the General Fund balance is exhausted. The issuance of a registered warrant to cover a debt already incurred dues not constitute "contracting" the debt, but the warrant is issued only as evidence of a pre-existing debt. We therefore feel that this portion of Article XIII, Section 1 of the Constitution is not applicable to the situation you inquire about.

Your third question is what the specific statutory and constitutional limitations or requirements are which govern the setting of tax rates by the State Board of Equalization. Section 77-2715.01, R. S. Supp. 1969, provides that the rates shall be set by the State Board of Equalization and Assessment. This section is quite lengthy, and we believe no useful purpose would be served by setting it forth in full herein. In a very general summary of this section, it requires the State Board to determine how much money must be raised during the biennium by the sales and income tax, taking into account appropriations, the amount on hand at the beginning of the period, and estimated receipts from sources other than sales and income taxes. The Board then sets the rates at such figures as will raise not less than five percent in excess of appropriations, and at such rates as will, as nearly as possible, produce equal amounts from the sales and use tax, on the one hand, and the income and franchise tax, on the other. In theory, at least, the function of the State Board is merely one of making mathematical computations, based upon the amount on hand at the beginning of the period, appropriations or fixed obligations, estimate of revenues from other sources of income, and estimates of the amount of revenue that will be realized from different sales and income tax rates.

This system may involve, indirectly, the provision of Article XIII, Section 1 of the Constitution discussed above. If the State Board were to violate its duty under Section 77-2715.01, and fail to set the sales and income tax rates high enough to produce income sufficient to cover appropriations made by the Legislature, the state might find itself in debt in violation of Article XIII, Section 1. We therefore feel that the obligations imposed upon the State Board by Section 77-2715.01 are not only statutory duties, but are constitutional obligations, since a failure to perform these duties could automatically put the state into debt in excess of the limitations of Article XIII, Section 1. Our Court recognized this duty on the part of the State Board by use of the following language in State v. Searle, 79 Neb. 111:

> "It is contended, however, that there may be no fund provided for the payment of the claim in question because the state board of equalization may not levy the university tax. This contention hardly merits our consideration. The law presumes that officers will perform their duties, and it is not to be believed that the state board will refuse or neglect to make the levy in question; and, if they should do so, they may be coerced by the courts to perform that duty."

The same case contains this language with respect to the registration of warrants:

> "Lastly, it is contended that no warrant can be drawn on the fund in question because there is no money in the treasury with which to pay the same. It was well understood by the legislature, and is a matter of common knowledge, that it may often happen that there are no funds actually in the treasury belonging to a specific appropriation, against which warrants can be drawn. And so it was provided by sections 1-3, ch. 93, Comp. St. 1905, that it is the duty of the state treasurer to register warrants in the order of their presentation, when there is no fund in the treasury with which to pay them; and, when a fund is provided for a certain purpose, warrants may be drawn against that fund, whether it is actually in the treasury or not, so long as the warrants drawn do not exceed the amount of the appropriation. If this could not be done the business of the several departments of the state would often be seriously interfered with, and in many instances would have to cease altogether."

MESSAGES FROM THE GOVERNOR

May 26, 1971

Mr. President, Mr. Speaker,
and Members of the Legislature
Legislative Chambers
State House
Lincoln, Nebraska

Dear Senators:

I return to you herewith LB 759A without my signature and with my objections.

It was my commitment and understanding with leading proponents of LB 759 that, despite some reservations, I would sign that bill for needed coordination of technical and vocational colleges provided LB 759A would be bracketed.

LB 759A not only funded $61,000 for operation of LB 759, which I would have approved, but also created an additional $412,000 of spending over my recommendations.

Since that understanding and commitment is not acceptable to at least 26 members of the Legislature, I wish to return 759A to you herewith since its intent is to spend additional tax dollars above my recommendations.

Your sending me for approval LB 759 and forcing my decision on that measure before passage of the companion measure 759A, I respectfully submit, is not a good practice since companion measures should, whenever possible, advance together so that proper scrutiny and consideration can be given each measure simultaneously.

There have been some instances, in fact, when the Legislature has sent to me the "A" bills or the spending and funding portion before the major measure creating the program for which the "A" measure is created in the first instance. Such actions, it seems to me, have the connotation of putting the "cart before the horse."

While I realize that a veto of this bill is not necessary because of court decisions to the effect that any appropriation measure in excess of the Governor's recommendation must receive 33 votes on final passage to be effective, I wish to take this means of expressing my opposition to LB 759A.

Yours very truly,

Dear Senators:

I return to you herewith LB 945 without my signature and with my objections.

In addition to my concern on LB 945, I am attaching herewith a letter from the Attorney General on this measure which is self-explanatory, and as a result of a conference I had with the Attorney General this morning as we attempted to keep up with the number of bills being passed by the Legislature in these final days of the first session of the 82nd Nebraska Legislature.

It appears that LB 945 would precipitate expensive and extensive litigation and may have a tendency to confuse more than clarify tax equalization matters.

I direct your attention to the fact that the Legislature has already established an interim study committee on the subject of property tax equalization and it is my opinion further legislation in this area should await the results of that study and others.

May I again respectfully request your sustaining this action and allow adequate opportunity to thoughtfully consider this matter next year.

Yours very truly,

May 26, 1971

Honorable J. James Exon
Governor of the State of Nebraska

Capitol Building
Lincoln, Nebraska

Dear Governor Exon:

You have asked our opinion as to the constitutionality of L. B. 945. We can see a number of constitutional difficulties with this bill, particularly sections 7 to 11. The basic idea of these sections is that when a taxing district lies in two or more counties, and the ratios of assessed valuations to actual values are different in the two counties, the mill levy for the overlapping district shall be adjusted in each county to take into account the disparity in assessment ratios. The basic idea has merit, but we see great difficulties in the implementation of the system.

Section 7 of the bill requires a determination of the "equalized valuations" of taxable property in such overlapping district lying in each county. This is to be determined by the application of the "county assessment ratio" developed by the Tax Commissioner. The Tax Commissioner attempts to develop assessment ratios based on various indicators of value, including sales assessment ratios, appraisal studies, agricultural statistics, etc. Even after a full hearing before the State Board of Equalization and Assessment, supporting testimony, corrections and adjustments, and findings by the State Board in conformity with these adjusted figures, the Supreme Court has frequently, if not uniformly, refused to accept the Tax Commissioner's figures as achieving equalization among the counties. Section 7 to 11 of the Act contemplate acceptance of these figures with no hearings to determine their validity. We are confident that the Court would refuse to sustain an action taken on the basis of the Tax Commissioner's figures under these circumstances.

Next, we point out that the Tax Commissioner's ratios deal only with the assessment of real estate, but the varying mill levies provided for by L. B. 945 would be applied to all classes of property, including personal property. There is no guarantee, or even indication, that a low assessment ratio of real estate in a particular county is reflected in a low assessment ratio for personal property in the same county. Nevertheless, the low assessment ratio of real estate in the county would result in a higher mill levy on the personal property in that county, as compared with personal property of the same value in the adjoining county. This would appear to be in violation of Article VIII, Section 1 of the Nebraska Constitution, which requires that taxes shall be levied by valuation uniformly and proportionately upon all tangible property and franchises. This is particularly apparent with respect to centrally assessed personal property. For example, motor vehicles are centrally assessed but locally taxed. A motor vehicle in the overlapping district lying in the county of low assessment ratio would be subject to a higher mill levy for the overlapping district than an identical motor vehicle located in the same district in the adjoining county.

We also have some question about the propriety of Section 11 of the Act, which provides that the system outlined above shall not be applicable when the mill levy of the overlapping district is five mills or less. If this system is proper, it would appear that the disparity that it attempts to correct is proportionately as great whether the mill levy is five mills or less than five mills. To deny taxpayers the relief this bill attempts to give simply because the mill levy is five mills or less may be denying them equal protection of the laws, in violation of the Federal Constitution, or may constitute an unreasonable classification, in violation of Article III, Section 18 of the Nebraska Constitution.

Lastly, we point out that Article IV, Section 28 of the Nebraska Constitution requires the State Board of Equalization and Assessment, not the Tax Commissioner, to review and equalize assessments of property for taxation within the state. If the Tax Commissioner's figures can be accepted as absolutely correct, as sections 7 to 11 of this bill contemplate, it would be the duty of the State Board to adjust the assessed valuations in order to achieve equalization. It is because the Supreme Court has refused to do so that this whole problem arises. This bill attempts to achieve partial intercounty equalization by action of the county board having responsibilities for the fixing of the mill levy for the overlapping district, based upon information received from the Tax Commissioner. This might well be held to be in violation of Article IV, Section 28 of the Nebraska Constitution.

Very truly yours,

CLARENCE A. H. MEYER

MOTION–Advise Governor's Office

Mr. Wiltse moved that a committee of two be appointed to advise the Governor's Office that the Eighty-second Legislature, First Session of the Nebraska State Legislature is about to complete its work, and to return with any message the Governor may have for the Legislature.

The Speaker appointed Messers. Holmquist and Burbach to serve as the committee in the above stated capacity.

UNANIMOUS CONSENT–Print in Journal

Mr. Warner asked unanimous consent to print the following Attorney General's opinion in the Journal. No objections. So ordered.

March 30, 1971

Honarable Jerome Warner
Member of the Legislature
Capitol Building
Lincoln, Nebraska

Dear Senator:

You suggest that with the annual sessions beginning in 1971 that it appears that the Legislature cannot increase appropriations above the revenue which would be raised by the sales and income tax based on the rates in existence at the beginning of the 1971 session, except for a possible increase in revenue which could be obtained by raising said rates from January 1, 1972, through June 30, 1972. You then suggest that in most instances this will not provide sufficient lead time to collect a sufficient amount in the treasury to take care of appropriations. You then ask three specific questions. We will discuss your questions in order.

You ask: "Will the constitution permit the 1971 Legislature to make an appropriation beyond June 30, 1972; If so, how far beyond?"

The 1969 Legislature proposed a constitutional amendment requiring annual sessions of the Legislature of Nebraska, which amendment was adopted by the voters in 1970. (Article III, Section 10, Constitution of Nebraska.) In so doing no amendment was proposed to Article III, Section 22, Constitution of Nebraska, which provides:

> "Each Legislature shall make appropriations for the expenses of the Government until the expiration of the first fiscal quarter after the adjournment of the next regular session, and all appropriations shall end with such fiscal quarter.***."

Nor was Article IV, Section 7, amended, which requires the Governor "after the commencement of each regular session" to present a budget "for the ensuing biennium."

A constitutional amendment becomes an integral part of the instrument and must be so construed. It must be harmonized, if possible, with all other provisions, and effect must be given to every section and clause as well as the whole instrument. Swanson v. State, 132 Neb. 82, 271 N. W. 264. It should also be remembered that, while a clause in a constitutional amendment will prevail over a provision in the original instrument inconsistent with the amendment, distinct constitutional provisions are repugnant to each other only when they relate to the same subject, are adopted for the same purpose, and cannot be enforced without substantial conflict. Swanson v. State, supra. In 16 Am. Jur. 2d, Constitutional Law, §68, p. 246, the following appears:

> "***.At the same time, amendments are usually adopted for the express purpose of making changes in the existing system. Hence, it is very likely that conflict may arise between an amendment and portion of a constitution adopted at an earlier time. In such a case, the rule is firmly established that an amendment duly adopted is a part of the constitution and is to be construed accordingly.***."

It seems an inconsistency may have been created between Article III, Section 22, and Article IV, Section 7. We are of the opinion that this inconsistency is more apparent than real. Article IV, Section 7, imposes a duty on the Governor to present a budget for the ensuing biennium while Article III, Section 22, is a limitation upon the power of the Legislature. Article IV, Section 7, thus seems to require more of the Governor than actually needs be performed each regular session, but we cannot say that for planning future operations of the state that said requirement is useless and it certainly does not conflict with Article III, Section 22. By this latter provisions, the Legislature is prohibited from making continuing appropriations. See, State ex rel. Meyer v. Steen, 183 Neb. 297, 160 N. W. 2d 164. It is also the duty of the Legislature to make appropriations for the expenses of government until the expiration of the first fiscal quarter after the adjournment of the next regular session of the Legislature. Is also appears, from the floor debate that annual appropriations were considered. Nebraska State Legislature, 80th Session, General Debate, August 29, 1969, at pages 4433, 4434.

Our Court has specifically held that a general appropriation will not lapse until the end of the first fiscal quarter after the adjournment of the next session of the Legislature. State v. Babcock, 22 Neb. 33, 33 N. W. 709, State v. Moore, 36 Neb. 579, 54 N. W. 866. Under the statute the fiscal year begins on July 1 of each year and ends on June 30 of each year, Section 84-701, R. R. S. 1943. The first fiscal quarter as referred to in Section 22, Article III, of the Constitution is the fiscal quarter beginning after the adjournment of the next regular session. Thus, for example, if the Legislature this year adjourns sine die during June, the first fiscal quarter referred to will be that beginning June 1 and ending on September 30 of this year. Since we cannot anticipate the precise time the next session of the Legislature will adjourn, we cannot be precise in advising you at this time. We also note that all appropriations must terminate with the end of said fiscal quarter so that appropriations could not be extended beyond the end of that fiscal quarter.

You ask if the 1971 Legislature could require the Board of Equalization to establish a sales and income tax rate for 1972 which would provide revenue for appropriations to be made by the 1972 Legislature. We think it possible that provisions could be made, under standards established by the Legislature by a duly enacted law, to require the State Board of Equalization and Assessment to fix such rates, or the rates could be fixed by an act of the Legislature.

Finally you ask: "By what procedure could the 1971 Legislature require the Board of Equalization in 1971 to take authorized expenditure, but as yet not appropriated (items), into account when setting Sales & Income Tax rates for 1972 and when the funds to be raised would not be appropriated until the budget year of July 1, 1972 through June 30, 1973? (This question assumes that the 1971 Session would not require an appropriation beyond September 30, 1972.)" This appears to be primarily a legislative and not a legal question. The procedure to require the State Board of Equalization to consider expenditures which may be authorized by statute for future years, but which cannot yet be appropriated, would necessarily have to be prescribed by statutory enactment by the Legislature.

Yours very truly,

CLARENCE A. H. MEYER
Attorney General

ESCORT GOVERNOR

The President appointed the following committee to escort the Governor to the rostrum: Senators Stahmer, Orme, Kremer, Mahoney, Holmquist and Burbach.

The Governor offered the following message:

Thank you for your invitation to speak to you.

Since this is not, as has been in the past, the end of a legislative session, I am looking forward to seeing you all in January.

I feel that I should reserve formally addressing your honorable body on our joint accomplishments at the end of this 82nd Session of the Legislature which will have completed its deliberations next year.

In the interest of time I am therefore conveying to you in this short talk a hearty thank you, each and every one, in behalf of the citizens of the State of Nebraska for your efforts.

We have not always agreed and probably will not in the future.

However, I am confident that each member of your honorable body did what he thought was best for the citizens. The fact that we agreed on something in excess of 500 measures while disagreeing on a relative few is all the proof we need that our basic system, even with its imperfections and sometimes clash of legitimate issue and personalities, is still interestingly and uniquely proven as the best that man has devised.

From now until you return shortly in seven short months, I would appreciate hearing from you often . . . the door to my office which has nearly swung off its hinges since January 7 remains wide open to all of you. Let me remind you again that you are always welcome.

MOTION—Pages

Mr. Simpson expressed appreciation to the Pages for their efficient and conscientious performance of their duties to this body.

MOTION—Adjournment

Mr. President: I move that the Journal for the Ninetieth Day, as prepared by the Clerk, be approved, and that the Eighty-second Legislature, First Session of the Legislature, having finished all business before it, now at 3:58 p.m. we adjourn sine die.

Mr. Allen J. Beermann
Secretary of State

Dear Mr. Beermann:

I return to you herewith LB 256 without my signature and with my objections.

For reasons that I have clearly spelled out in a series of messages to the Legislature and through public statements, I cannot, in good conscience, allow LB 256 to become law. It is unfair tax legislation.

This measure, along with all its predecessors promoted in the immediate past session of the Legislature, would have caused a raise in the sales and income taxes. My sentiments on this were unalterably clear.

We need further study on this matter with the introduction of legislation that will provide relief where it is needed most in the next session.

I am returning LB 256 to you in accordance with Section 15, Article 4 of the State of Nebraska.

Very truly yours,
